## WALTON URGES ANTI-KLAN LAW

### Eight Children Die In One Crash and 5 Persons in Another

**Train Crashes Into Bus Crowded With Children on Way to School in Ohio and Three Meet Death in Another Grade Crossing Crash in Pennsylvania, Where Bus Is Struck Also by Express Train.**

(By The Associated Press.)  
AKRON, Ohio, Oct. 11.—Eight children were killed and three others and one man seriously injured this morning when the Cleveland, East New York and Cleveland train, on the Pennsylvania Railroad struck a horse drawn school bus on a grade crossing one half mile north of Rootstown in Portage county. The bus was on its way to the centralized school at Rootstown. One girl and four boys, passengers in the bus, escaped uninjured.

The dead: Mildred Shaw, 11; Harold Shaw, 9; Verma Shaw, 11; Margaret Kuntz, 12; Julia Wamick, 13; Ella Stianche, 14; Thelma Bernshoff, 9; Richard Silves, 9.

The injured: Lawrence Shaw, 8, may die; Steve Wamick, 11; Stanley Bernshoff, 6; Louis Kline, driver of the bus.

County and school officials are at the scene to obtain how the accident happened. The crossing where the crash occurred affords a clear view of the track for sixty rods, it is said.

The presence of the two year old Shaw child on the bus was explained by the statement that she was being taken to school by her sisters to be shown to the other children.

Investigation officials learned that the train was running late.

**FIVE MEET DEATH IN ANOTHER CROSSING CRASH**

(By The Associated Press.)  
WILLIAMSPORT, Pa., Oct. 11.—Five persons lost their lives and five others were injured here today when a Pennsylvania Railroad train struck the Williamsport-Trust Run bus. Two were killed outright and three others died in a hospital. The dead are: George D. Alt, 65, South Williamsport; Sarah Hall, 65, South Williamsport; Mrs. W. A. Anderson, Williamsport; Harry C. Schick, 41, Philadelphia; unidentified elderly man.

### Ruhr Delegates Outline Plans

(By The Associated Press.)  
BERLIN, Oct. 11.—An official communiqué explains that at a conference which Chancellor Stresemann presided over at the Ruhr industries Sunday the latter, at the chancellor's request, submitted a document outlining their attitude, but making no specific demands. The document is under consideration by the departments concerned and the cabinet.

The communiqué adds that the attitude of the Ruhr industries is perfectly loyal towards the government and reproaches which have been levelled against them are quite unjustified. The communiqué confirms that the resumption of deliveries in kind depends on the outcome of these negotiations.

**CHAMBERLAIN LETTERS GIVE ANECDOTE OF FORMER KAISER**

LONDON, Oct. 11.—Some interesting letters written by Austen Chamberlain to his family when, in 1897 as a young man he visited Germany to complete his education, are published in the September issue of The Empire Review.

Among other anecdotes the writer gives the following story of Prince Wilhelm, now the occupant of Doorn House in Holland, and often referred to as King Wilhelm.

"Prince Wilhelm, seeing one of the German officers, Goltz Pasha, who is serving in the Turkish army, with three officers on his breast, asked for what service he got them. The pasha after a moment's hesitation, replied: 'The first I got for flattery, the second for scolding, and the third for love.'"

"What a scoundrel I must be!" answered the prince, the sultan has sent me all three, and in diamonds."

**CONSIDERING MOTION TO QUASH INDICTMENTS**

(By The Associated Press.)  
WASHINGTON, Oct. 11.—Justice Hoehling, in District of Columbia criminal court, has taken under advisement a motion of defense counsel to quash indictments against Benedict Crowell, former assistant secretary of war and several others in connection with war camp construction. Arguments on the motion, which have occupied several days were concluded yesterday.

### POLO GROUNDS FILLING FOR SECOND GAME

(By The Associated Press.)  
POLO GROUNDS, N. Y., Oct. 11.—Stunned into late sleeping, perhaps by the thrills of yesterday's epic game which Casey Stengel won for the New York Giants with a ninth inning home run. Gotham's jaded baseball fans arrived slowly at the Polo Grounds today for the second encounter between the champions of the two major leagues for the world's title.

The early fans fled into the park lazily and leisurely.

Advance guards of the two teams came onto the field almost simultaneously but there was hardly a ripple from the crowds. Looking jaunty and full of fight it would not have been guessed that the Yankees had lost the opening game yesterday. Babe Ruth, one of the first on the field, swung his trusty bludgeon on the sidelines while Cozy Dolan gave the Giant recruits some batting practice on the diamond. The Giant were attired in their spic and span white uniforms while the Yanks had on their blue traveling costumes.

A hazy, seemingly red from the exertion, chinned faces along the eastern rim of the Polo Grounds today and peered with weak but willing smile upon the rain glittering home of the Giants, where the second game of the world series will be played today.

The weather, partly cloudy, had on the weather men's forecast, in the face of the shower which swept across the Harlem-River region after yesterday's classic encounter at the Yankee Stadium.

Two or three early arrivals at the low price bleachers entrance averred it was cold.

"It sure is," affirmed 14 patrolmen who had been on duty at the gate all night, to preserve order—and not a faint sight.

Tardy sun served, however, to take the chill off the damp penetrating haze as the line at the gate gradually lengthened.

For the first time in the history of the world series baseball cheap seat seekers were absent from the entrance gates last night. The first one put in an appearance after sun up, seating himself on the ever-present soap box reserved for number one.

### SHIP SINKING S. O. S. REPORT

(By The Associated Press.)  
MIAMI, Fla., Oct. 11.—The Steamship City of Everett is sinking about 150 miles west of Tortugas, according to wireless advices received here today.

S. O. S. calls were sent out by the steamship at 1 o'clock. The first message received read: "Going down stern first. All lowering boats. Will sink soon. Latitude 24.30 longitude 84.60 or about 150 miles west Tortugas."

The Steamship Comal, which is about 15 miles from the scene of the disaster, is rushing to the assistance of the City of Everett.

(By The Associated Press.)  
TAMPA, Fla., Oct. 11.—The City of Everett is of the whaleback type having two decks and carrying oil in bulk. She has a steel screw and burns fuel oil. She was built in 1894 by the American Steel Barge Company of Everett, Washington, measures 245 feet long by 42 feet beam and has a draft of 22 feet, nine inches. She has a net tonnage of 1,335 and gross tonnage of 2,595. It is reported her crew numbers 32 and her port of registry in New York.

### Thieves Haul Off \$125,000 In Furs

(By The Associated Press.)  
NEW YORK, Oct. 11.—Six thieves early today trucked \$125,000 worth of furs from the warehouses of Frederick Roth and Company on West 36th street.

The watchman was sitting on a loading platform of the warehouse at 10 o'clock last night, he told police, when 24 men appeared, covered him with pistols and said:

"Remember that Rotherberg store hold-up yesterday where two guys got bumped off? Well, if you peep you'll go the same way." They referred to a \$75,000 daylight robbery in which a messenger and a bandit were killed.

The watchman then was locked in a clerk's office where he could hear the truck arriving and departing with the loot. The thieves made their selection of furs from a stock which filled seven floors of the building.

**POSTPONE DIVIDEND QUESTION**

NEW YORK, Oct. 11.—Directors of the Southern Railway today postponed until March consideration of the question of declaring a dividend on common stock. Stockholders met in Richmond, Virginia last Tuesday asked that attention be given the matter.

## ATTENDANCE RECORDS SMASHED

### Impeachment Will Be Chief Aim of Special Session

**Oklahoma Legislative Body Meets to Probe Governor's Official Conduct—Executive, in Message, Calls on Legislature to Enact Act Against Klan—Martial Law Lifted.**

(By The Associated Press.)  
OKLAHOMA CITY, Okla., Oct. 11.—The State Legislature met in extraordinary session here today to consider impeachment charges against Governor J. C. Walton.

Unswayed by the governor's offer to resign on condition that the Legislature first pass his bill for unmasking the Ku Klux Klan in Oklahoma, majority members of the lower house, leading the impeachment movement, plan at once to resolve the house into an inquisitorial body to investigate the executive's official conduct.

First, however, both houses will convene in joint assembly to hear the governor's address in which he is expected to urge the passage of anti-Klan legislation.

An investigating committee probably will be named by the House today to delve into more than a score of offenses which Governor Walton is alleged to have committed.

When this committee is working, the House is expected to recess from day to day, while the senate will sit as a trial body and if an impeachment indictment is voted, probably will recess for three day intervals.

Governor Walton issued a statement last night, declaring that the threat of impeachment causes him no concern.

"If the Legislature fails to pass the anti-Klan measure, I will fight to the last ditch," he declared.

Gov. J. C. Walton, grand dragon of the Ku Klux Klan in Oklahoma, who was arrested at the height of the governor's fight on the secret organization was freed late yesterday of charges of rioting in connection with the "Whitening" of a man here, when the prosecution could not produce the official record of testimony taken by a military court which formed the basis for the grand dragon's arrest.

When Officer Bates began to read the grand denied participation in the flogging.

—Mrs. Leon Law and daughters, of Chatham, are in town today.

—J. D. Jones, of Axton, is attending the Danville Fair this week.

## FUNERALS OF SHOOTING VICTIMS THIS AFTERNOON

The condition of Mrs. W. O. Williams, who was reported at Edmonds Hospital this afternoon to be materially improved. She was said to have reacted well under the physical and mental shock of the tragic occurrence.

While no immediate relief from pain, the further absence of any untoward symptoms added to the belief that she is not so gravely injured as was first thought.

In the reaction from the shock of yesterday's triple shooting tragedy which cost the lives of William Overton Williams and Ben. C. Coleman, and the wounding of Mrs. Williams, arrangements were being made this morning for the funerals. Mr. Coleman's funeral will be conducted from the home of Mrs. F. L. Mosley, 422 Green street at half past three o'clock this afternoon by Rev. Thomas A. Smoot, interment to be in Green Hill cemetery.

The funeral of Mr. Williams is to be conducted at Epiphany church of which he was vestryman at half past five o'clock by Rev. Malcolm S. Taylor who is coming back from New Ferry to perform the service and to accompany the funeral party from Danville to Richmond, thence to Hanover courthouse where the interment will be made tomorrow. The remains will go on the train leaving here at one o'clock in the morning.

The condition of Mrs. Williams who was reported at Edmonds Hospital yesterday afternoon was improved today. Her attending physician visited her early this morning and found that she had passed a fairly good night and that the shock to the system is subsiding. While no immediate effort will be made to determine what, if any internal injury has been caused by the bullet, or bullets, the belief now prevails that Mrs. Williams' injury is not really serious. The fact that a bullet encrusted with blood was found on the porch of the hospital yesterday afternoon lent weight to the theory that one bullet from Coleman's revolver furrowed the muscles of the back emerging from her body and lodging in her clothing dropping out as she was carried to the hospital. Thus it may be that instead of having two bullet wounds in the body, she

error declared. "It must either be killed or the government must finally give way to anarchy and revolution. There is no alternative or middle ground."

The governor reviewed at length the chain of events which have kept the state in turmoil for a month and concluded his message with a plea that the legislature immediately pass a bill which he himself has prepared, "that the people may be protected forever in their person, property and fundamental liberties."

(By The Associated Press.)  
OKLAHOMA CITY, Okla., Oct. 11.—The State Legislature met in extraordinary session here today to consider impeachment charges against Governor J. C. Walton.

Unswayed by the governor's offer to resign on condition that the Legislature first pass his bill for unmasking the Ku Klux Klan in Oklahoma, majority members of the lower house, leading the impeachment movement, plan at once to resolve the house into an inquisitorial body to investigate the executive's official conduct.

### TOWN TOPICS

The council finance committee will meet at four o'clock this afternoon for the purpose of opening bids for the \$100,000 water works improvement project. More than a dozen bids have been received from well known firms of engineers and some of their representatives were on hand this morning to be of service in further explaining the bids. The opening of the bids does not necessarily mean that the contract will be awarded today neither is it a foregone conclusion that the lowest bid will be the winner. The committee will be guided by what appears to be the most satisfactory proposal tendered. The contract is a large one and has readily interested some of the best waterworks engineers in the country.

The meeting of the Keen Street Baptist church scout troop which was to have been held tonight has been postponed on account of tonight being "Danville Day" at the Fair.

Miss Emma Doffinger, who has been here for the past few days representing the Child Health Association of New York, leaves today for that city with data secured from conferences with the city health officer and school officials. It is believed now that the Association will send a team of workers, perhaps more than ten, to assist the local school authorities in teaching health among the schoolchildren. A trained woman or man is expected to come here to conduct this work in the city schools which has already been begun and which is already beginning to show good results.

The much discussed Gunther case is to be ventilated tomorrow in the corporation court at which time Judge Price Withers will decide if Mrs. Hattie Gunther is a proper person to rear Maude Gunther, an infant, grandchild of George P. Gunther, who is bringing the action. In the domestic relations court Judge Harris held that the mother should have the child and bring her up. Gunther noted an appeal. Tomorrow's hearing will be the first that has been public since the litigation began and it is indicated that this case, probably one of the most interesting of the present court calendar will be largely attended. Two attorneys will appear on each side.

Lighter offerings than yesterday were on the auction floors this morning. The sales being finished by noon the quality of tobacco was not so good as it was yesterday and prices were reported as vacillating around the level of the past few days. Heavier receipts are anticipated for tomorrow.

Building permits reported to the council last night and issued since the September meeting totalled \$38,640. The list includes two new homes on College avenue, each to cost \$6,000 and to be built by J. H. Harris and Dan E. Graham, a new home on Wylie avenue to be built by Ramey and Ashworth and to cost \$6,000 and two cottages on Colquhoun street to be erected by C. H. Dodson, both to cost \$3,000. The other permits are for garages, remodelings and repair work.

### LATE NEWS

(By The Associated Press.)  
ESSEN, Oct. 11.—Progressive resumption of work as an outcome of the cancellation of the orders for massive resistance is reported in various industries throughout the Ruhr and the Rhineland.

(By The Associated Press.)  
BERLIN, Oct. 11.—The Reichstag this afternoon voted the first paragraph of the government's authorization bill by 253 to 27.

The second paragraph also was voted but when the bill as a whole came up for a final vote the entire national party left the Reichstag chamber.

This left the body without a quorum and the Reichstag adjourned until Saturday until a vote on the bill is expected.

(By The Associated Press.)  
BERLIN, Oct. 11.—The parliamentary situation took a critical turn this afternoon as a result of the government's inability to command a two-thirds majority for its authorization law. When the bill came up for a final reading Chairman Loeb informed the Reichstag that Chancellor Stresemann had gone to President Ebert to report on the situation and to demand that if the government were not guaranteed the necessary votes, President Ebert forthwith dissolve the Reichstag.

(By The Associated Press.)  
CHARLOTTE, N. C., Oct. 11.—Announcement that the Southern Power Company "is through" the development of hydro-electric projects in this state unless the state corporation commission allows "an increase in the wholesale rate of power to \$1.40 as against \$1.25 it now allows us," was made here today by J. B. Duke, president of the power company and millionaire New York financier.

—Mrs. D. L. Wright, Mrs. H. L. Cobb and Mrs. Nanette Cobb, of Rutledge, N. C., were in Danville today attending the Fair.

Life Insurance—"Buy from Best."

### Over Ten Thousand Swarmed Grounds At The Fair Last Night

### AN EXPLOSION ON SUBMARINE KILLS 3, 5 HURT

(By The Associated Press.)  
SAN PEDRO, Calif., Oct. 11.—An explosion on the submarine S-37 yesterday cost the lives of three men and the injury of five others. An inquiry was gotten under way today on the mother-ship Beaver alongside the submarine squadron in the outer harbor here.

The bodies of two of the men still were aboard the S-37 early today. They are Lanvil Gartner, electrician's mate, of Philadelphia, and Ignacio Aboso, of Manila, P. I., who were trapped in the wardroom when the explosion occurred in the battery room of the after compartment late yesterday afternoon. Virgil Dean, machinist's mate of Huntington, W. Va., was taken from the submarine with limbs and body shattered and died aboard the Beaver.

The injured seamen were Ernest Barnes of Englewood, Mo., and V. J. Boaz, gassed; B. Hubbell, fractured leg and hand; Hubert R. Poynter of Ellington, Mo., gassed and fractured leg, and Boniface Levayak of Oakland, Calif., burns. Arrangements were being made to remove them to the naval base hospital at San Diego.

The batteries were being charged when the explosion occurred and navy men generally expressed the unofficial opinion that a short circuit caused the ignition of hydrogen gas. The S-37 is one of the newest undersea boats of the U. S. navy and was built at a cost of \$600,000. A rough estimate of the damage last night placed the amount at \$100,000 but officers said nothing definite could be established until they could open the hatches which were used to smother out the flames that followed the explosion. It was hoped that the batteries would cease discharging today, stopping the emission of gas and making it possible to recover the bodies of Gartner and Aboso.

### Cutting Affray Near the Park; Man In Hospital

Marvin Conley, who resides in Schofield, is in Edmonds Hospital, being treated for a deep stab wound in the side at the hands of "Red" Law. It is said, also, of Schofield. The cutting occurred last night about 7:30 o'clock near Balfour park. Just what led up to the affray could not be learned but it is said that a woman was in the crowd, and during the cutting, Law fled from the scene it was said and has not yet been arrested. Conley was admitted to the hospital about 10:30 o'clock. The wound in his side is described as deep one, and while dangerous, he will recover, should no complications set in. He passed "a fairly comfortable night," it was said at the hospital this morning, and was reported then to be resting well.

### Former Trust Co. Official Held For Embezzling

(By The Associated Press.)  
NEW ORLEANS, La., Oct. 11.—Leon Dufflon, former manager of the former department of the Citizens Trust Company of Buffalo, N. Y., was being held by the New Orleans police today on a charge of having embezzled \$10,000 of the bank's funds. Dufflon, who went under the name of Carlos Gomez, Jr., was taken into custody last night with a woman who gave the police the name of Clara Barber, of Chicago.

According to the police Dufflon left Buffalo August 14 in an automobile. He was last heard from in Richmond, Virginia, it was said.

Dufflon at first refused to talk but later told the police that he had made bad investment of the money he is alleged to have taken from the Buffalo bank. He is said by the police to have agreed to return to Buffalo for trial, waiting extradition.

### Series Today At White Sox Park

(By The Associated Press.)  
CHICAGO, Oct. 11.—Play in the city series shifted today to the White Sox park where the American Leaguers hoped to make up for their 3 to 4 trouncing by the National League club in the opening game yesterday. A crowd of 24,038 saw the game yesterday.

### Nearly Fifteen Thousand Entered Grounds During Day—Crowd Eclipsed all Previous Attendance in Danville—Today Is Danville Day.

The attendance at the Danville Fair yesterday eclipsed all previous records, it being estimated that between ten and twelve thousand persons viewed the free attractions and the fire works display. The attendance throughout the day was put at between fourteen and fifteen thousand—an exceptionally fine turnout for "Carolina Day."

Today is "Danville Day" during which the attendance of yesterday is expected to be eclipsed. A feature of the evening will be special fireworks with a number of new pieces which have not been given before. Secretary Henry Watkins said today that even though the grandstands of the fair have been greatly enlarged, thousands of persons were turned away last night. Those in charge of the exhibition halls today reported that they have been very largely patronized and the exhibits from year to year for several years past. The concessions and the proprietors of the sideshows did a "land office business" yesterday afternoon and night more than compensating for the delayed start.

Today all of the Danville Military Institute corps will be entertained by the Fair Association.

Tomorrow is the last day of the Fair and will be known as Children's Day with a special display of daylight fireworks in the afternoon for their amusement. The exhibit tomorrow will see the baby show which promises to be interesting with a number of children entered for the event.

The influx of people from the country today indicated that today's attendance will be the largest of any day since the Fair began. Perfect weather is in evidence and this has been an inducement to farmers, most of whom possess automobiles, to come to Danville to attend the Fair in larger numbers than was the case a few years ago when they were compelled to come to Danville by slower methods. Many of the Danville stores and offices are planning to close early this afternoon in order that the personnel of these establishments may attend the Fair.

Women's exhibits continued to attract attention all day yesterday, those who lingered to inspect them carefully found many things of value which passed unnoticed by the more casual observers.

A vase filled with large lavender dahlias, bearing a blue ribbon, was wonderfully beautiful and fresh as when brought from the garden of Mr. and Mrs. E. V. Smith, of North Danville, who grow many varieties of these lovely flowers for the sole pleasure of gladdening the hearts of friends and many sick people in the city hospitals.

The display of women's handiwork held many rare specimens by the women of the town and country.

The children of Wesley House showed a splendid collection of hand and machine-made garments.

The work done by the children of Schofield Vacation School was remarkable for specimens of handcraft and wood-carving, earnings, ribbons, 5 red ribbons and 5 yellow ribbons.

Ebenezer School (colored) booth had splendid specimens of work done by children. Fancy work, drawing, woven rugs, sewing, button-holing, colored drawings and crocheting. The blue ribbon awarded for best specimen in penmanship, 2nd grade work, was awarded to Myrtle Jordan, nine years old, and the red ribbon to Ruby Clark.

Danville High School booth contained a notable collection, among others being a story written and illustrated by Miss Catherine Rucker of the senior class.

The story entitled "The Gray Ghost of Nao," is a Spanish story which required rare skill and thorough preparation in Latin and English. Misses Hucker, Powell, Elizabeth Travis, Carolyn Oak and Marian Osborn were in charge of the exhibit yesterday.

Whitcomb High School. This school, always to the front in matters educational, is not behind at this time. Their display of handy articles for the farm and home, their fruits and flowers and garden vegetables are all the actual work of the children.

The shelves of beautiful seed corn were the crown of a perfect collection of many things and the blue ribbon was justly earned.

Callandine High School won first prize on fruits and vegetables and 3rd prize as a school exhibit.

H. L. Seville, principal of the school and Miss Parker Ferguson, director of Home Economics assisted by the corps of teachers and the 218 (Continued On Page Three)

# WINICKER IS ELECTED TO SUCCEED MR. JAMES

J. H. Winicker, in his early days a school teacher, later a member of the Danville common council was last night elected by the council in month's session a member of the Board of School trustees to succeed Dr. R. Bruce James who has resigned. The appointment will expire April 1st, 1925. Mr. Winicker's name was the only one placed in nomination, this being done by Councilman William Harrison. He received a unanimous vote.

The council meeting was comparatively short but several important matters were determined. The finance committee recommended the postponement of the election of the city collector until the next year and also recommended an increase in the salary of the city collector raising the limit of his commissions from \$7,800 to \$9,500. The council unanimously endorsed the recommendation and the salary increase becomes effective next May 1st. It was represented to the finance committee that the deputies in Mr. Garvin's office have received offers from other quarters and that it was desirable to keep them in order to maintain the good record of collections. Most of the increase, it is said will go to supplementing the salaries of the two deputies.

Another recommendation of the finance committee was to increase the city police force authorizing the commissioners to employ two additional men in order that the local traffic situation may be watched more closely. This will bring the present roster of policemen to 34. The finance committee did not recommend an appropriation to cover the cost of three police automobiles at this time. An appropriation of \$1,900 to cover the salaries for the officers for the rest of the fiscal year was ordered to be over for thirty days. The sum of \$1,250 to be supplemented by an equal sum from the Shepard-Townner fund to increase the city's nursing service.

The only other report presented the council last night was that of the Public Works Committee in which a number of interesting matters developed.

The committee in its formal report recommended that \$25,000 be appropriated to purchase the Thompson

## CLEAR SKIN OF PIMPLES

Remarkable Action of Stuart's Calcium Water in Ridding Face of Pimples, Bolls, Rash, Blotches, etc.

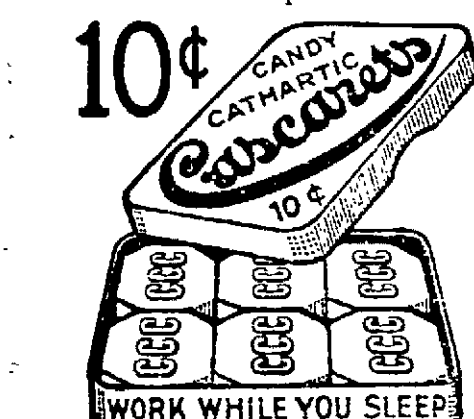

It is one of the wonders of the human system that certain natural elements have influences without which there is decay. The skin is an example. Take a complexion that is all covered with pimples, blotches, rash, blackheads and is oily and muddy, feed it with Stuart's Calcium wafers and a marvelous change takes place. It soon becomes smooth and velvety. Pimples and other blemishes fade away. The blood in the skin is purified, the waste matter is burned before it reaches the skin and ere long the complexion is girlish, refined and perfectly lovely.

Look closely at a wonderfully beautiful skin, and observe its soft, delicate texture, the pink capillary blood tinting the cheeks. You see what is produced when your skin has been cleansed with Stuart's Calcium Wafers.

Get a 60-cent box today of Stuart's Calcium Wafers at any drug store or write to F. A. Stuart Co., 637 First Bldg., Marshall, Mich. for a free sample package—adv.

## Best Laxative for Bowels

If Headachy, Bilious, Sick, Constipated

No griping or inconvenience follows a gentle laxative. Candy Cathartic cures Biliousness, Sick Headache, Biliousness, Gas, Indigestion, and all such distressing conditions. Most harmless laxative for Men, Women and Children. Each box, also 25¢ and 50¢ sizes, all drug stores adv.

# FIREMAN WHO GOT \$15 WEEKLY WAGE RETIRES ON \$200,000

WILLIAM J. WIESENER

## FIREMAN'S RULES FOR MAKING MONEY

Here are the maxims which made William J. Wiesener, fireman, an incipient millionaire. Make quick sales and small profits.

Don't try for all you can get. Use as little of your own capital as possible. Your credit's better than your name. Tell your banker all about it. Work in a grocery store if you want to find out about human nature. Don't keep budgets. Don't bother about getting rich. Don't worry.

BY JOSEPHINE VAN DE GRIFT (Special to The Bee)

WHITESTONE, N. Y., Oct. 11.—You'll never get rich by saving. So says William J. Wiesener, Queens (N. Y.) fireman, who retired from service the other day worth more than \$200,000.

Yet he never received a salary of more than \$15 a week! And when he began he received just \$15 weekly!

But Wiesener didn't get that way by taking \$2 out of his weekly pay envelope and poking it into the pocket of a courteous bank clerk. No, when he wasn't rescuing lovely blondes from burning third-story windows and carrying kettles down from telegraph poles, he was putting in time turning over little odd jobs of real estate. That was the reason that in addition to the \$1250 yearly pension which he drew hereafter for his 20 years of service in the fire department, he will have an annual income of \$9,000 from his \$200,000 investments. He owns a 23-family apartment dwelling, numerous small houses and 350 lots. The neighbors in this little town where he lives say they wouldn't be surprised if in another five years Bill turned out to be a millionaire. Right now he's only 45.

I went over to call on Bill to ask him what he intended doing with that money. Bill himself came out on the porch to greet me. He had on a blue sweater and I could see he

## GRETTA NEWS NOTES

GRETTA, Oct. 10.—The co-operative tobacco market opened here Tuesday October 9th with around fifteen thousand pounds of tobacco. A large number of farmers were present. The tobacco as a whole was of better grade than was expected and while some were dissatisfied, the advances were generally very satisfactory. The advances ranged from \$2.00 to \$15.00 per hundred. At 3 o'clock in the afternoon the following speakers addressed the farmers: Messrs. P. O. McCormick, Webb, Oliver J. Sands, and R. Patterson. The present warehouse force is as follows: Floo, Showell, Mr. W. T. Edmunds, Floo, Mr. R. D. Colbert and W. C. Noell, Mr. George Glenn who recently lived in Gretna, died at the General Hospital in Danville Saturday, October 6, and was buried near Gretna Sunday afternoon. The deceased was about 50 years old.

Mr. and Mrs. Vanderhurst went to Petersburg last week on account of the illness of the latter's sister, Mrs. P. A. Glass.

Mr. and Mrs. George Dyer of Salisbury, N. C., formerly of this place, were guest of Mrs. Dyer's mother, Mrs. L. S. Feacans, Main street, recently.

R. R. Whitaker is building a residence on Main street near the Baptist church.

W. R. Platt has purchased from I. T. McLaughlin an old-fashioned street lot upon which he will soon erect a dwelling.

S. Richards is also building near the Grana High school.

Mr. and Mrs. T. A. Shelton of High Point, N. C., were visitors in town last week.

Among those attending the Danville fair this week are Mrs. W. R. Moon and children and Mrs. G. R. Greasy and children.

S. H. Shelton and J. H. Franklin have recently purchased from Mr. Dickel the restaurant on Bank street near R. R. Powell & Co.

George Fox has opened a new restaurant on Main street next door to Mrs. R. R. R.

Mr. Tinsley who has for some time operated a restaurant and shoe repair shop on Main street near J. C. Hunt & Son is preparing to leave for Danville.

J. Hunt who owns about six acres of land on Franklin Boulevard has recently cut a portion of this land into twenty or more lots which he expects to sell at auction in the near future.

Birth Recorded  
Born to Mr. and Mrs. M. T. Billings of Kenbridge, Va., on October 6, a daughter, Marion Harvey.

# OAKLAND COUPE HIT BY STREET CAR YESTERDAY

At 8 o'clock last night the Oakland coupe owned by E. Forest Seales and driven by him at the time, was struck from the rear by Main street car No. 69, one of the new double-track convertible type and was turned at right angles to the direction in which it was moving by the impact. Apparently Mr. Seales' coupe was astride the left or south rail of the car track and almost directly in front of the Edmunds hospital porch. The fact that the street car following in the same direction (westward) smashed the right rear wheel and bent it under the left wheel of the coupe was clear of the track.

Mr. Seales escaped any injury and was the only occupant of the car at the time. The street car was stopped promptly and after the initial impact it merely pushed the coupe across the track and moved it some feet by the momentum of the trolley car. Traffic which was rather heavy at that hour was blocked for perhaps twenty minutes and motor-car traffic also blocked up. Finally the injured coupe was rolled into the alley opposite the hospital, and the trolley car resumed its westward journey.

## HUMAN DERRICK SAVES YOUNG GIRL

(By The Chicago Tribune Service) SOUTH BEND, Ind., Oct. 10.—A human derrick of 50-manpower to save the life of Myrtle La Duke, pretty 15-year old school girl, when the army of old school girls from the street the front end of a street car, permitting a city fireman to crawl beneath and release her from her pinned position between the pavement and the "cow catcher" of the car. The rescuers of the girl were city officials, policemen, and firemen. The girl had been dragged many feet before the car was stopped and her head was within an inch of the front wheel. Her escape from death was miraculous. The men lifted the car while blocks and jacks were being rushed to the scene. The girl was badly bruised but will recover.

# STATE BOARD OF HEALTH REVIEWS WORK OF YEAR

RICHMOND, Va., Oct. 10.—The State Board of Health in an all-day session held yesterday in the office of Commissioner E. H. Williams reviewed the work of the year and took up numerous new matters including the development of child welfare work, which has been extended to prenatal, early infancy and maternity work under the provisions of the Shepard-Townner act; the extension of the anti-malaria program and the bureau of epidemiology.

The report of the bureau of epidemiology showed that during the Summer three serious epidemics of these were the infantile paralysis outbreak near Fredericksburg reported July 6, the outbreak being stopped with a total of 55 cases. The other was the dysentery outbreak in Greene and Madison counties, which had been held off by sanitation measures, which the county authorities will continue and the "Devil's Grip" or as the health officials call it "Dabney's Grip," because Dr. Dabney of the University staff described the malady in 1888. There were no deaths from the Devil's Grip, but two or three deaths were subsequent to it.

It was announced that the State Board of Health would ask the legislature for a smaller amount next session than was appropriated by the last General Assembly.

## FARMERS ARE PLEASED WITH FIRST PAYMENTS

REIDSVILLE, N. C., Oct. 10.—Many farmers expressed the opinion that first payments at the co-op warehouse were from 65 to 75 per cent of the prevailing prices on the auction warehouse floors—and on some grades were 100 per cent. Everybody seemed highly pleased with the grading and there was a more cheerful note among the farmers than has been seen in several years. Co-operatives are making a reputation in this section than ever before. The prevailing low prices on the auction warehouse floors contrasted with the very liberal advances now being made by the marketing association is winning new members every day.

## NEWS OF CHATHAM

CHATHAM, Va., Oct. 10.—The Co-ops had their day in court here on Tuesday when the market opened for the ensuing season with offerings for the day totalling around fifty thousand pounds. Member growers from every section were on hand to witness the opening day and more bright faces were to be seen than at any time since the time supposed to receive the expected third payment on last year's crop.

The advances were said to be in many instances almost equal to the full price paid on the open doors and this could not fail to strengthen the claims of the co-ops resulting in many signing the contract during the day. At no time for several months has so much enthusiasm been shown as on Tuesday and the large number of co-op members in town held a general love feast leaving after the sales with glad tidings and feeling much better than at any time for several weeks. The prices on Tuesday will have untold benefit on the farmers generally and many having nothing but the kindest words for the association which at one time they felt very unkind for and were inclined to believe that those in authority had deceived them into signing.

The offerings on Wednesday was lighter than on Tuesday but quality was whole slightly improved. Only one house is now receiving owing to the clerical force not being here but the other house will probably be open for business by Monday and the receipts are expected to be much greater than on Tuesday. The weather conditions are now prevailing and the first frosts of the season came on Monday morning but was very light doing practically no damage except to vegetation on very lowlands.

GERMANY GOOD CUSTOMER (By Chicago Tribune Service) NEW YORK, Oct. 10.—Despite the fact that its currency is well high worthless in all markets, having sold in New York today at 2,000,000,000 marks to the dollar, Germany continues to be one of this country's best customers for cotton, copper and meat products. In the last eight months Germany has bought approximately \$10,000,000 more cotton than any other country, and in the same period her copper purchases have greatly exceeded those of any other one country.

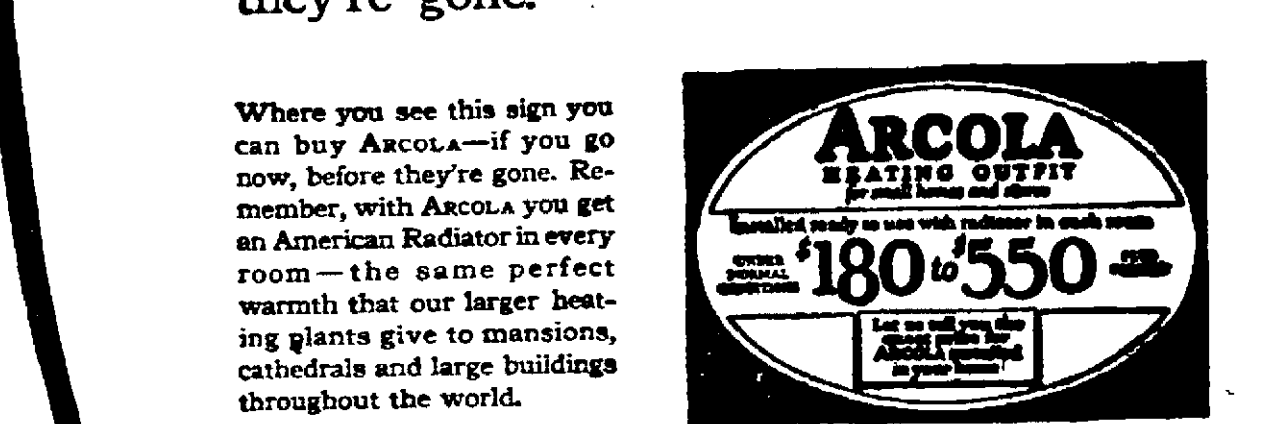

# Only a few ARCOLAS left

—go before they're gone

FOR SMALL COST you can have ARCOLA and radiator warmth in your home this winter. But there are only a few ARCOLAS left in the city. They will soon be gone.

Go today to a Heating Contractor who displays the sign shown below. Let him tell you just how little an ARCOLA outfit will cost completely installed in your home, and how quickly and easily it can be put in.

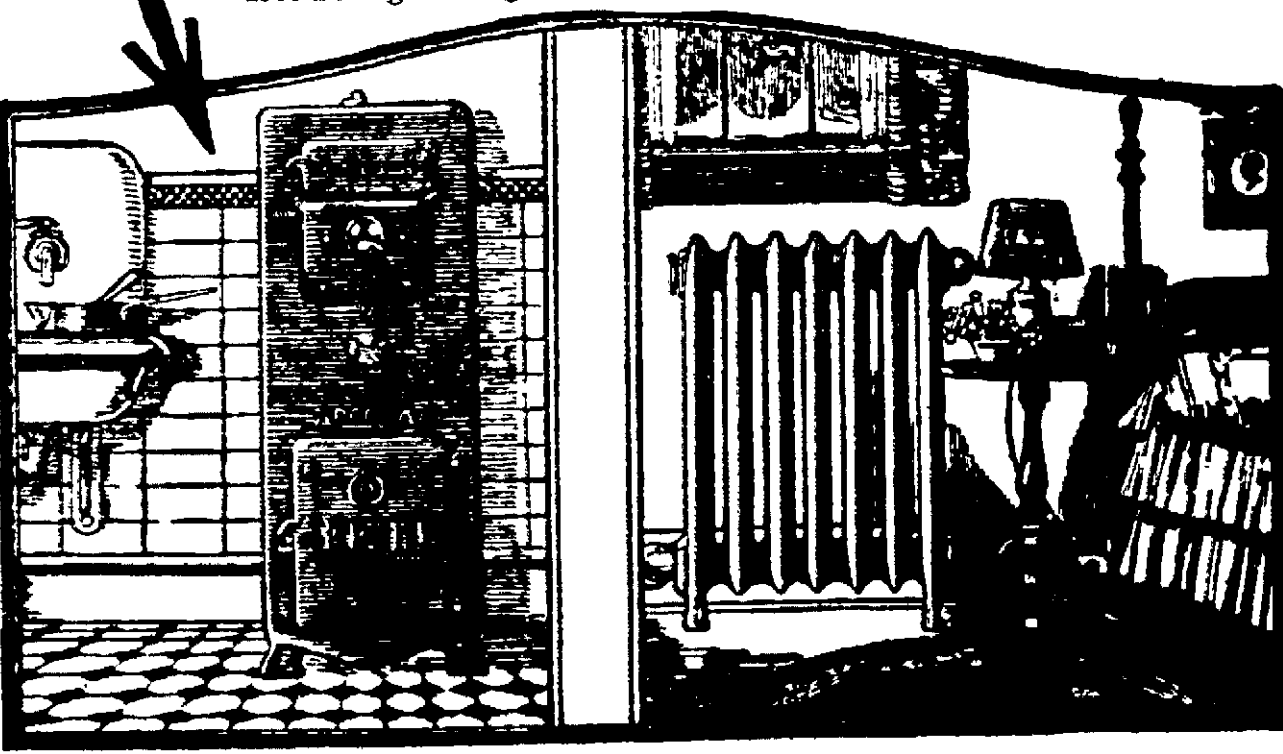

You'll save coal. Your children will be free from coughs and colds. You will have comfort such as you never knew before. And all for a few hundred dollars. But you must act today. Go before they're gone.

## AMERICAN RADIATOR COMPANY

IDEAL Boilers and AMERICAN Radiators for every heating need  
Your Heating Contractor is our distributor

# CHICAGO BOXER VICTIM OF A BRUTAL ASSAULT

(By The Associated Press.)

MILWAUKEE, Oct. 11.—Beat into insensibility by three men who kidnapped him and forced him at the point of a pistol to enter an automobile, William P. (Sailor) Friedman, Chicago boxer, was found lying in a pool of blood at the corner of a deserted street at midnight.

He was rushed to a hospital where it was found he had been beaten and kicked severely. There were abrasions about his face, neck and chest, two large scalp wounds, which bled profusely and injuries to his arms and body.

The theories as to the cause of the attack varied as the investigation into the affair opened shortly after midnight. Friends of Friedman declare they are certain that the assault was the result of a feud of Chicago gunmen.

After dinner last night Friedman decided to take a stroll and it is said, despite warnings of his advisers,

started out alone. Being unfamiliar with the city, he went in the direction of the docks. He told detectives he was suddenly confronted by a man who jumped from a passing automobile and forced to get into the automobile, which whisked him away towards the freight yards. Two other men joined the driver of the car and as Friedman started to fight for his liberty he was struck on the head by a blunt instrument.

He attempted once more, he said, to escape, but another blow on the head caused him to faint away.

At this time a machine driven by a passerby approached and the unconscious boxer was dropped to the street.

Friedman was training for a bout with Pinky Mitchell, Milwaukee junior welterweight, tonight. The bout was called off.

Friedman recently was acquitted in Chicago when tried for the alleged murder of a man he said had insulted his sister.

## HERE, KITTY, KITTY, KITTY!

Strong men would be put to flight at the mere sight of one of these pets which little Miss Beth Bailey, 14, of Newport, Minn., is fondling in such unconcerned manner. You've guessed the genus. They're skunks, but quite harmless—if you know 'em, Ruth says, and feed them plenty of muskmelon, their favorite tidbit.

## Funerals of Shooting Victims This Afternoon

(Continued from page one)

changed pleasanties with several men and his whole demeanor belied any prediction of a tragedy in the morning. During the morning he swore out a warrant before his uncle, Mayor Wooding, in connection with an automobile theft case. To another friend, Coleman had a different appearance this morning. He looks like a man who has been through a bad time. He quotes Coleman as saying that he intended to move his boarding place and asked him if he knew where he could get a room. To this man, Coleman's eyes were gloomy, and he was not smiling. He was going to the shooting. Coleman came down from his room and went on the porch where Charlton Strange and B. M. Allen were sitting. He appeared to be about to go down town but he paused, and was about to turn back, and returning to the house disappeared, the shots ringing out quickly a few minutes thereafter.

Recognition was given by members of the police department to the victims of the shooting. The name of the state license inspector, a new type of officer, provided for to see that the state automobile laws are enforced. Mr. Coleman, according to Officer W. T. Kessler had done good work especially in North Carolina. The police department is now restoring stolen cars to their owners. At the present time he was engaged in an investigation centering on a supposed band of car thieves making their headquarters in Winston-Salem, N. C. The police department is now in such shape that the work in this direction can be further prosecuted.

Commonwealth's Attorney Carter today concurred in the action taken by the city coroner declaring that he had no objection to the holding of the funeral in question. All papers and statements, he pointed out, belong to the family of the deceased and there is no legal requirement compelling the coroner to make public private papers found on the body of any person who has taken his life, unless the consent of the family were granted. Mr. Carter has seen the paper. The last portion of it appears to be in Coleman's handwriting probably written after he had shot Mr. and Mrs. Williams last night. It does not contain anything, according to an authentic description of it.

Friends of Mr. Williams claimed this afternoon to have established the fact that Coleman compelled Williams to sign the statement found on his person under duress on the porch of a home adjoining that in which the principals lived on last Monday night.

William Overton Williams was a son of Dr. Thomas Williams, of Hanover county, Va., and was born near Hanover courthouse about 28 years ago. He removed to Danville about the year 1900 and was for some years employed with Pemberton & Penn, leaf tobacco dealers and exporters. About 1909 he accepted employment with the National Biscuit Company and later on he was appointed agent of that company in this city and for a dozen years had held that post. Both his parents are dead.

Mr. Williams was married in August, 1916, to Miss Fannie L. Thomas, a daughter of the late Dr. William Thomas, the two having gone to Atlantic City, accompanied by friends to wed there. Ever since their marriage they had roomed at 716 Main street and taken their meals next door. Mrs. Williams had recently returned from Richmond, where she had spent much of the past two years, caring for their mother, an invalid.

Mr. Williams had for many years been a communicant of the Episcopal church, and after her marriage, Mrs. Williams was also confirmed in that church, of which Mr. Williams was a member of the vestry. During the world war period, Mr. Williams went overseas and served with a Y. M. C. A. unit until after the armistice, and when he returned home he resumed his employment with the same company. While in France he was made a Mason and on his return to Danville affiliated himself with the Roman Eagle lodge, No. 122, of this city.

He is survived by his brother, Thomas P. Williams, of the naval reserves, of Richmond, Va.; a sister, Miss Agnes Williams, of that city; and two other sisters, Mrs. Leucoder, of Hanover county, and Mrs. Thompson, of Florida.

The deceased was well thought of in business circles and had many friends. He was unusually well informed as to realty values and as to general business conditions, and had been successful in many of his local investments and dealings. He was a well-known figure in the city. He was married fifteen years ago to Miss Fannie Moseley, daughter of Mrs. F. L. Moseley.

## Good Morning Judge!

Three men were arrested near the Fair grounds last night by Officer R. A. Adams, who detected them operating a device which he termed as a gambling proposition. The men were Leonard Edwards, William Gwynn and J. C. Harrington. Edwards who was operating the device this morning drew a fine of \$26, and costs which amounted to \$29.85, while warrants against the other two were dismissed. The officer stated that the device was designed for swindling purposes, no prizes being given.

Charles Segal drew a fine of \$11 and costs for alleged assault on Charles Walker, while a similar warrant against the latter was dismissed.

A fine of \$11 and costs was imposed on Lee Manchell for creating a disturbance.

George Gravelly was assessed \$2 and costs for operating a car without a permit.

Several drunk cases were also dealt with.

## Over Ten Thousand Swarmed Grounds At Fair Last Night

(Continued from page one)

pupils justly deserved the \$100.00 prize which was awarded them.

The Agricultural Building was such a riot of color and the aroma of fruits was everywhere. The grounds were artistically arranged that hours could be spent without weariness, while observing the display.

Near the door a group of strangers offered to those who look forward to the winter months a publication—a publication issued by Senator Capper.

The tobacco exhibit came next and was highly creditable and interesting to many.

Since 1912, Mrs. Carter has won 1st prize for individual farm exhibit and this year her display contained many varieties of fruits, farm and garden products which could not be surpassed. She is an indefatigable worker and finds rare enjoyment in perfecting herself in all the domestic arts.

Mr. and Mrs. Richard Ivy Smith was a close second to Mrs. Carter in their farm exhibit, which contained many products.

The collection of fine seeds and grasses were evidence of their appreciation of real and lasting values.

J. C. Lawrence, of Route 5, near Gatewood, N. C. is a new competitor for honors in the class of individual farm products, this being his second entrance in the list.

His products won a number of blue ribbons in the general exhibit, although he won only 3rd prize on the whole collection.

Notable among his collection were fine peppers, okra and egg-plant and the "Wonder Berry" and "Mills Garden Berry," both of which are comparative new on this market. Mr. Lawrence also presented a unique miniature long house which he himself had made of timbers cut from his farm.

The Poultry Show is in charge of E. V. Smith who has a collection of rare owls, all from the immediate vicinity of Danville.

There are 573 chickens, all of fancy stock, and also many specimens of pet stock, such as pigeons, opossums, turkeys, squirrels and rabbits, ferrets and guinea-pigs.

A pet wolf, belonging to J. H. Tinsley, West Main street, seemed not at all disturbed by the unusual nearness of prey.

The restaurant booths are doing a thriving business in serving the throngs of people who crowded the grounds in the late afternoon.

## ANNIVERSARY CELEBRATED

(By The Associated Press.)

JOHNSTON CITY, TENN., Oct. 10.—Rhea Lodge No. 17 F and M A. M. of Jonesboro Tennessee, celebrated the one hundredth anniversary of its continued existence yesterday. The lodge was chartered October 9, 1823 by Andrew Jackson one of the presidents of the United States and at that time grand master of the masonic grand lodge of Tennessee.

## THE CHICAGO TEAMS BEGIN CITY SERIES

CHICAGO, Oct. 10.—Chicago's American and National League baseball clubs start their twelfth city series today at Cubs park. The National Leaguers were victorious last year for the first time since 1911 and are favored to win this year. Grover Cleveland Alexander, the Cubs veteran right hander and Urban (Red) Baker probably will be opposite batters. A crowd of approximately 35,000 is promised for today's game.

## ENGINEER IS INJURED.

(By The Associated Press.)

JOHNSTON CITY, TENN., Oct. 10.—B. W. Benson, engineer on a Southern Railway work train, was injured probably fatally today, when his engine was sideswiped by a freight train at Miller Station, four miles west of Johnson City.

Benson's home is in Knoxville.

## NEGROES WHO LEFT TOWN ON ORDERS COME BACK

(By The Associated Press.)

PITTSBURG, October 11.—A number of negroes, including women and children, who left Stone township yesterday after they had been ordered to "get out" by a self appointed vigilance committee, returned to their homes today under the protection of special officers.

## CO-OP MEETING

The first district meeting of the Dan River district cooperative association will be held at Kentucky High school Saturday, October 13th. A large attendance is desired. Non-co-ops are cordially invited.

J. H. NEAL, President.

## REPORTS HERE OF CHILDS QUITTING RIDDLE TO ITALY

(By Chicago Tribune Service.)

ROME, Oct. 10 (Radio).—News apparently official, from Washington, stating that Ambassador Richard Childs had resigned his post in Italy, has given rise to one of the greatest riddles in diplomatic history in modern Italy.

Ambassador Childs himself declared he knows nothing about it. He left Rome, on October 4, and embarked on the Conte Verdi, sailing from Naples the next day. Before leaving the capital he told Premier Mussolini and many of his friends that he was going home on a two months leave and expected to return shortly after Christmas.

Yesterday morning the embassy received a wireless from Mr. Childs, from mid-ocean stating his statement about his return to Rome at the expiration of his vacation was made with President Coolidge's approval. He further states that he expressed a wish to be relieved from duty for personal reasons, but President Coolidge had urged him to remain at his post. He concluded, by saying that he has no knowledge of any change in his plans.

## HARDING'S ESTATE IS VALUED AT \$486,565

(By The Associated Press.)

MARION, O., Oct. 11.—The total value of the late President Harding's estate, according to the report of the appraisers filed in probate court here today, exclusive of the Harding Publishing Company, which has not yet been appraised, was set at \$486,565.64.

Personal property and chattels were appraised at \$4,154.33, money \$34,895.90, securities \$400,794.91 and real estate at \$46,720.

## DENBY UNDERGOES OPERATION

(By The Associated Press.)

NEW YORK, Oct. 11.—An operation described as successful was performed today upon Secretary of the Navy Denby, who recently underwent a tendon of his right leg Physicians at Orthopedic hospital where the secretary is a patient, said he was doing nicely.

## GOITRE VANISHES

St. Louis County Banker Saved An Operation By A Home Treatment

Note: It would be illegal to publish these statements if not true.

W. J. Vance, banker, Valley Park, Mo., says: "Two days before using Sorbol-Quadruple, I had a bad hemorrhage in my throat caused by tightening which produced severe coughing. Twenty-four hours from first application of Sorbol-Quadruple I felt relief and in forty-eight hours noticed it was reducing. In three weeks, one side has vanished and the relief is beyond expression. You make use of this and I will gladly answer all questions."

Get your Sorbol-Quadruple from Clanton Drug Co., and drug stores everywhere or write Sorbol Company, Mechanicsburg, Ohio.—adv.

## PRINT THIS ABOUT Joint-Ease Says Druggist

"Joint-Ease" is selling like hot cakes in my store because it is a wonderful and specific remedy for all joint troubles.

"But why not impress on tens of thousands of suffering people some of the things that dozens of my customers tell me almost daily."

"Some say that it knocks out lameness over night—others assert that for chest colds and no equal while it soaks in through the flesh direct to the ailing bones and ligaments—that's why it succeeds—for when Joint-Ease gets in joint, it gets out—and without any waste of time all swelling and congestion disappears.—All druggists.—adv.

## Glass To Announce Decision Soon As To Permitting Instructions For Him

BY GEORGE H. MANNING

(Washington Correspondent of The Danville Bee.)

WASHINGTON, Oct. 11.—Senator Carter Glass will announce within a short time his decision to consent to the instruction of the Virginia delegation to the Democratic national convention next year for him.

This is the unusual opinion of close observers of Virginia politics and of friends of Mr. Glass, and the Senator himself has said nothing to discredit this view.

Senator Glass, though, will be acting contrary to his own wishes in allowing the Virginia Democratic convention to instruct for him. For months past he has been attempting to convince his insistent supporters that he should not be thrust into the convention at all; but there are reasons which make it practically impossible for him to refuse to be the candidate of the Virginia delegation.

In the first place, there are hosts of party workers of more or less importance throughout the state who are set on expressing their personal and political admiration for Senator Glass by sending an instructed Virginia delegation to the national convention. A Glass boom of rather imposing strength has been gotten under way by them, already, and a number of the leading newspapers of the state have lent their force to it, with others ready to follow when Mr. Glass gives the word.

To decline this honor, in the face of the ardent wishes of his supporters, without offending them has been found extremely difficult by Senator Glass. Perhaps his announcement will contain some expression of regret that he cannot do more to accept support of his friends, but it will not be a refusal.

Furthermore, and perhaps more important, there are political reasons which would lead Mr. Glass to give his consent to becoming a "favorite son" candidate at the national convention.

The Virginia Senator has no hesitancy about expressing his support of the candidacy of William G. McAdoo for the Democratic presidential nomination. He does not believe that any man from the South has more than the most remote chance of being elected president next year, or for many years to come—for which reason he does not take his own candidacy seriously, save as an expression of regard for a "favorite son."

In case he should refuse to allow the Virginia Democratic convention to instruct for him, however, there is strong probability that a stiff fight would develop in the State convention to get the delegation pledged to one of the two most active candidates for the nomination, Senator Oscar Underwood, of Alabama, or McAdoo. With Senator Glass a willing candidate, there would be no real opposition to instructing the delegation for him, and this fight would be averted.

On the other hand, a strictly instructed delegation might be embarrassing to Mr. Glass at the national convention. When a delegation is bound to a candidate who is taking a minor part in the balloting, there is frequently a disposition to criticize him or to charge that he is holding the delegation to the interests of some other candidate, unless he consents to release the delegation from their instructions. This was the case in 1920, when the Virginia delegation was instructed for Senator Glass, and was not released until near the end of the balloting.

To prevent a repetition of this situation, it has been suggested that the convention might so frame the instructions of the Virginia delegates that they would be able, by a majority of two-thirds vote, to withdraw their support of their candidate and thus be left free to cast their ballots as they thought wise. In this way the Senator would be relieved of embarrassment; and may action agreed upon by the delegates appointed by the State convention would in all probability be agreeable to the state leaders.

## "NON SUIT" IN MOON SUIT FOR LIFE INSURANCE

(By The Associated Press.)

RICHMOND, VA., Oct. 10.—The suit of Mrs. Catherine S. Moon, administratrix of the estate of Edward Harris Moon, who disappeared from the Old Dominion steamship Jefferson during a trip from New York to Norfolk in the latter part of August, 1922, against the Union Central Life Insurance Company was today declared a "non suit" by Judge D. L. Lawrence, Jr., in United States district court here. The suit is one of six involving \$47,000.

The plaintiff, who sought the payment of a \$10,000 insurance policy, contended that Moon is dead. The insurance company contended that sufficient proof of Moon's death was lacking. The steamer stopped on the trip at Newport News. A steward of the ship testified today that no check of passengers had been made at that port and he could not say whether Moon had been on board after the vessel had left Newport News.

## ROBERT LOVETT RESIGNS.

(By The Associated Press.)

NEW YORK, Oct. 11.—On the advice of his physician Robert S. Lovett today resigned as chairman of the executive committee of the Union Pacific Railway the resignations becomes effective January 1. Mr. Lovett, however, will continue his association with the company.

## HILLIER IS SENTENCED

NEW YORK, Oct. 10.—William Hurd Hillier, formerly of Atlanta, Georgia, confessed brokerage swindler, was sentenced yesterday from six months to three years in the penitentiary.

## YELLOW EFFECTIVE

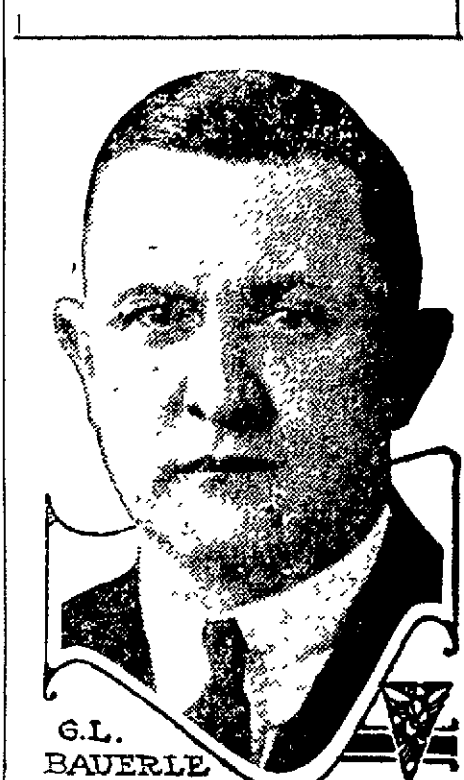

Yellow is used most effectively this fall in millinery and in gowns. The all yellow crepe dress, beaded with pearls or rhinestones, is one of the best things designers have to offer for evening.

## CO-OPS MEETING

All members of Blair's Local Tobacco Growers are requested to attend a meeting at Mt. Hermon school house Saturday, October 13th, at seven o'clock.

The object of this meeting is to elect officers.

## Railroad Man Tells Of His Case For Benefit Of Others

George L. Bauerle, assistant claim accountant, B. & O. R. R., Baltimore, residing at Overlea, Md., endorses the Tanlac treatment in the following emphatic words:

"A medicine that will do what Tanlac has done for me certainly deserves a public endorsement. About four years ago I had a nervous breakdown so bad I suffered agony for two or three hours after each meal. I spent hundreds of dollars trying to get relief, and it was Tanlac that finally did the work. Why, Tanlac has brought such a remarkable change in my condition that I am rest at all times to speak up for the medicine, and I hope my testimonial will be worth something to others."

Tanlac is for sale by all good druggists. Accept no substitute. Over \$7 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—adv.

## BOB YOUR HAIR—REGARDLESS OF AGE, SAYS MARIAN HALE.

There's no doubt in the minds of the addressers which will prevail. The bob, of course, they say. Yet would not you prefer the marvelous long hair owned by Yolande Valeri (at left) to the petite bob of "Kiki," famous Parisian model (at right)?

**BY MARIAN HALE**  
(Special to The Bee.)

**NEW YORK, Oct. 11.**—The bob or not to bob—that, it appears, is still the question.

Last season, the "noes" thought they had the matter pretty thoroughly settled.

They spread abroad much propaganda about the new styles demanding a dignified type of hair dressing, and many fell for it, ceased their visits to the barber and cultivated the hair-growing institutes instead. So the price of hair brushes went up—and up.

Then there were others who maintained dignity with an immaculate wig of white or black, and since they found the bob gloriously comfortable, they went on serenely in their bobbed way.

This summer, in Paris, Emile, the famous hairdresser, told me short hair had broken out with an entire new fury, and women who had never felt the cold shears on their necks before were now becoming acquainted with the sensation. He predicted a great popularity for it this season in Paris as during the war time, when one could have such a good excuse.

Old Ones Fall.

Back in New York, I consulted J. Hallow, who waves and clips the heads of some of the most fashionable Gothamites, knowing he could tell me what our own smart set is doing.

"The bob is just as popular now as it has been any time during its history," he informed me, "and the interesting part is that it keeps its hold on the older women even more than the youngsters."

"Hardly a day goes by that I do not bob some white or gray head. Not the faddy, extreme women 'dare' on this style now, but the conservatives. Plappers gave up the bob easier than their elders did last year, because they did not appreciate, or need, its greatest advantage—that it actually does lop years off a woman's short skirts and short hair are essentially youthful and that's why you simply can't get rid of them."

The Favorite.

The type of bob so popular now in New York is the style they call "La Caronne" in Paris, meaning the bachelor girl.

"This keeps the line of the head trim and neat by being very short in the back. The front may be pulled back severely, or waved about the face, to suit the features of the wearer," he explained.

"The bob of a few seasons ago, that stuck out wide like a haystack, was not universally becoming because it was at variance with the Greek ideal of the small head as an attribute of feminine loveliness. It did tend to make women with large features look coarse, and sometimes masculine."

"No one can accuse the modern bob of that, and for that reason I believe, short hair is a permanent institution and that we will see more bobbed heads this winter than ever before."

## Crop Yields In Virginia Will Pass Expectations, Report Shows

(By The Associated Press.)

**RICHMOND, Va., Oct. 11.**—That Virginia crop yields this fall will pass all expectations is shown in a report issued today by the Virginia crop reporting service. Henry M. Taylor, resident agent statistician for Virginia, and George W. Keiner, state commissioner of agriculture, have just completed a comprehensive survey of all crops.

They issued the following report today:

"Good yields of corn, tobacco and peanuts are now assured as harvesting is nearly completed. Weather conditions during September were favorable for farm work but the scarcity of labor has made the gathering of crop slow and laborious. This is a busy time on the farms, as in many instances three crops are maturing at the same time and all require immediate attention in order to be saved in the best condition. Preparations for fall seeding of grains and grass have also started and in many sections some of this work has been completed."

"The corn crop is turning out well and will make a much larger yield than was thought possible early in the season. There is some complaint that the ears are not filled out as well as the condition last month indicated. The crop is good in all parts of the state. The October forecast is 52,625,000 bushels compared with 52,312,000 bushels last year and 51,355,000 bushels the average production for the past five years. The average farm price of corn on October 1, was \$1.65 per bushel compared with 55 cents last year. The forecast for

the United States is 3,021,454,000 against 2,930,712,000 bushels last year.

"Most of the tobacco crop has been harvested and the yield was better than expected. The October condition of 85 per cent. indicates a production of 127,755,000 pounds which is slightly larger than the estimate last month but 28,955 pounds less than the 1922 crop of 156,750,000 pounds. Some growers report the finest tobacco raised for many years while others only have a fair crop."

"The apple crop has turned out to be larger than expected, but owing to damage from insects and hail, growers are not packing as large a percentage of the crop as they had hoped. In the valley the crop is generally exceeding the earlier estimates but in the Piedmont districts the yield is smaller than expected. The October forecast for the commercial crop is 1,761,000 barrels compared with 1,500,000 barrels last year. The commercial forecast for the United States is 33,104,000 barrels against 31,090,000 barrels last year."

**FOREIGNERS INTERESTED IN AUCTION OF U. S. VESSELS**

(By The Associated Press.)

**WASHINGTON, Oct. 11.**—Foreign "shipwreckers" have indicated interest in the forthcoming auction of the naval vessels for scrapping under the limitations treaty, according to officers in charge of the disposal of that tonnage. A number of inquiries received from abroad as to whether bids will be received on a universal basis have been answered in the negative, attention being called to the official "terms of sale" which prohibit consideration of bids from any person not a citizen of the United States.

## Chicago Railway Wins Big Prize

(By The Associated Press.)

**ATLANTIC CITY, Oct. 11.**—The Chicago, North Shore & Milwaukee Interurban railway today was awarded the Charles A. Coffin Foundation prize, consisting of \$1,000 in cash and a medal contributed by the General Electric Company, for having made the greatest contribution to electric transportation during the last year. The award was made to Britton I. Budd, president of the road and president-elect of the American Electric Railway Association, at its closing convention session here today. A score of companies from various parts of the country competed.

Seven accomplishments, popularizing service, giving public good will, introducing economies through original and adapted ideas, improving construction practices, reducing accidents, improving employee management relations, and reducing new capital costs, were the basis of the award. Popularizing service, gaining public good will and improving employee relations were given major weightings by the judges and on these the winner scored high.

Major financial accomplishments by the road include increasing its gross passenger earnings five times in seven years and its freight earnings 15 times in five years.

"We give service," said Budd, "and the reason for our success is the company's policy in its brief. The company's annual advertising appropriation is the largest of any electric railway company in the United States. Newspaper space is used liberally along with car signs, motion pictures and other mediums."

"No matter how frequently trains may run," the company's statement says, "if they are made up of cars of obsolete type, unsightly in appearance and uncomfortable in riding qualities, they will not meet with popular favor. If the cars are good and the roadbed in bad condition, the service will not satisfy the public. If employees are untidy in appearance, careless in the manner in which they perform their work, if they do a small part in a passenger grudgingly and only when asked, the service is not satisfactory. If ticket agents are not ready to answer correctly and promptly any and all questions asked by the public relative to service, prospective customers will turn away disappointed and form a poor opinion of the company."

## DEATH OF A CHILD

John William Shelton, 399 Overby street, four months old child of Samuel J. Shelton, died yesterday afternoon at the parental home, 399 Overby street. The funeral will be held at three o'clock this afternoon, interment to be in Leedom cemetery.

**LETTER FROM RICHARD SUMMERS TO HIS FINANCEE, BEATRICE GRIMSIAW**

I am not going to apologize even though I haven't written you for two weeks. I don't know where the time has gone. I work early and late. At times it seems to me as though I can never finish what I have begun.

I've written you a good deal about Miss Perler and from your last letter I gathered that something I said prejudiced you against her. I am sure if you could see her, Bee, you would not feel this way at all. With her quaint little French accented idioms and her constant display of unsophistication, something that is as rare in Hollywood as a goat with a per tooth, she is a peculiarly appealing little figure.

And oh, how she does work! In all this town I do not believe there are two people who work as she and I do. I told her this the other evening and she said, "It is to forget I work, monseigneur. What is it for that you work?"

I started to tell her that I was working to get a home to bring you to, Bee, and someday, I cannot tell why, the words died in my throat. It wasn't because I did not want her to know it, neither was it because I was not working for that, but somehow I just couldn't tell her, that's all.

I simply made some foolish remark about it being impossible for me to let up work whether I wanted to or not.

This is a beautiful spot out here, Bee, and yet I am almost sure you won't like it. You are too conventional. Your life is bounded by too many rules to see any merit in these people who work like demons when they do work and play and jaze away the hours when they are not working in a way that I have never known grown people to do before.

You intimated in your last letter that you were ready to come if I wanted you. Of course I want you and yet I just can't see my way clear to come for you.

Mr. Einstein said the other day it would probably be a year before I would be able to get out of the town. Of course I never would have the temerity to ask you to come to me, for you are not the girl, Bee, to cross the continent to marry the man you love. You would rather wait, I am sure, until I can come to you. I will then have that bungalow and have it fixed absolutely in the way that will make you more than comfortable when I get you here.

Just close now, dear, because word has just come to me that Paula Perler has fainted on the set and they are having hard work to revive her. Poor girl, I knew something like this would happen to her. She has been working altogether too hard.

Your devoted,  
DICK.

## Police Guard Men Filling Places of Men On Strike

(By The Associated Press.)

**NORFOLK, Va., Oct. 11.**—Police guard today is being given non-union workers enroute to and from the docks, in an effort to prevent repetition of bloodshed in the strike of longshoremen, which began here Saturday. William H. Ashley vs. mortal ayounded last night and Ernest Jackson was shot in the knee when attacked by unidentified negroes in an automobile.

They were non-union workers. This violence was the first since the strike began. Ashley died in the United States Public Health Service Hospital.

Unloading and loading of vessels in port is proceeding in orderly fashion at a fairly satisfactory progress is being made, according to John T.

## KELS SENTENCED TO DEATH

(By The Associated Press.)

**STOCKTON, Cal., Oct. 10.**—Alexander Kels, Lodi butcher, for the tenced today to be hanged for the murder of Edward Meservy, an aged itinerant labor near the Kels ranch September 12. The date for execution will be set later.

## HURRICANE LIFE TOLL INCREASES

(By The Associated Press.)

**ST. JOHNS, N. F., Oct. 11.**—Twenty to thirty lives in addition to those already reported, were lost in the hurricane that swept the Atlantic early this month, according to estimates made here. Four New Foundland vessels are missing.

## Better Than Whiskey For Colds and Flu

Delightful Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies That Are Endorsed By Medical Authorities, to Cut Short a Cold or Cough Due to Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait, at Counter if You Don't Feel Relief Coming in Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories, tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are supplied with the wonderful elixir, and all you have to do to get relief from that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel the distressing symptoms of your cold fading away like a dream within the time limit. Don't be foolish, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and children for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for catarrhal croup and children's choking up at night.

—ADV.

**Eases Pain of Rheumatism—**

It is unnecessary to suffer those stabbing pains. You can get relief quickly. Apply Sloan's remedy without rubbing. Instantly you feel a comforting glow, the pain eases off. Relief comes. Get a bottle from your druggist today—35 cents. It will not stain.

**Sloan's Liniment—kills pain!**

## Germany Will Illustrate War By Movie Films

(By The Associated Press.)

**MUNICH, Oct. 11.**—A "German week," arranged by the Bavarian department of education, is to be held here soon, chiefly to exhibit propaganda films, designed to prove that Germany was not responsible for the outbreak of the world war. The Isar League of Youth is co-operating with the government in the movie films the following subjects are to be shown free:

"The lie that Germany was responsible for bringing about the war, and the curse of Versailles."

"Gratified in the field—a memorial to the heroes of our old army."

"The threat of the German colonies in the tropics."

"Bravely waved the red, white and black flag—the heroic fight of the German fleet and its destruction."

"French invasion of the Rhine, Ruhr and the Saar."

"The mutilation of the eastern boundaries of Germany."

The exhibition has been arranged principally for entertainment of young people, and students and others will be urged to attend, not only from Munich but all surrounding cities and towns and the countryside.

## Drag River For Missing Man

(By The Associated Press.)

**NORFOLK, Va., Oct. 11.**—The body of John Gleason, former Princess Anne county officer, resting today at the bottom of the Elizabeth river? A note and his hat, found on a bridge last night, indicated that it does, but a police boat crew has been dragging the river since last night and they have found no sign of the body.

Gleason was recently convicted in the Circuit court of Princess Anne county on a charge of violating the prohibition law and was sentenced to six months in jail and to pay a fine of \$400. He was out on bail pending appeal, and said by his friends to have been much depressed recently.

The finding of the note and hat on the bridge was reported by passersby last night to police.

## Lucius McGehee Dies In Richmond

(By The Associated Press.)

**RICHMOND, Va., Oct. 11.**—Lucius Polk McGehee, dean of the University of North Carolina law school, died today of a heart ailment early today of paralysis. He was 55 years old and had been ill several weeks.

Dean McGehee was born in Person county, North Carolina. His mother was a daughter of V. S. Senator Badger of North Carolina and was descended from the Polk family of which President Polk was a member. He was widely known throughout the South, having been dean of the North Carolina law school for about 20 years.

He is survived by a brother, Wm. Polk McGehee, of Denver, Colorado, and a number of nieces and nephews. His wife died 15 years ago.

## Reparations Is Yet a Question That's Unsolved

(By The Associated Press.)

PARIS, Oct. 10.—The reparations problem is a whole lot more than it was before the German government announced cessation of the passive resistance in the Ruhr. This is the conclusion in French circles after today's visit to the French foreign office of Herr Von Hoersch, the German charge d'affaires.

Herr Von Hoersch told Premier Poincare he was instructed to open direct negotiations between Berlin and Paris governments and to offer Germany's co-operation toward the resumption of the normal economic life of the Ruhr.

The Germans are credited in French circles with being ready to negotiate in order to have a hand in the Ruhr regime now that the resistance has ended, and Premier Poincare told the German envoy that, inasmuch as negotiations were in progress between the Allies and groups of industrialists and labor leaders in the Ruhr, he did not consider it advisable to undertake further conversations with Berlin on the same subject.

When Germany was ready to make a proposition covering the entire reparations question he would be glad to consider it.

The communications made at Brussels Monday and in Paris today on behalf of the Reich are regarded as making no progress whatever toward a final solution of the problem.

A real gain, however, it is held, has been made toward material results from the Ruhr occupation in the agreements reached directly with the Ruhr industrial leaders, and the allies will enter the Ruhr upon such agreements until they receive something more promising from Berlin.

What the allies are expecting from Germany, it is pointed out, is a proposition for such arrangements as will furnish the guarantee they require before formally consenting to a moratorium. This was the real question up for consideration at the time that Great Britain and France broke off reparations negotiations and it is still regarded as the uppermost question, although it has been obscured by the more recent events.

The reparations commission still has the moratorium proposition on its agenda and everybody, including Premier Poincare, is said to recognize that such financial relief must be formally accorded for a fixed number of years.

The French theorize that the Germans desire to enjoy the benefits of a moratorium without accepting any of the conditions the allies proposed as indispensable, hence the absence from the communications to the Franco-Belgian of any point that Berlin is getting ready to make a general reparations proposal or institute the reforms that France and Belgium have insisted upon.

There is a strong suspicion here that the idea in Berlin is to seek economic accords that would give the Germans some real advantages which may be gained from the communications to the Franco-Belgian of any point that Berlin is getting ready to make a general reparations proposal or institute the reforms that France and Belgium have insisted upon.

The activities of Hugo Stinnes, German industrial magnate, during the last week are responsible in some measure at least, it is intimated, for the caution displayed by M. Poincare. Stinnes is understood to have endeavored to get General De Goutte to impose an increase in working hours on the Ruhr employees, but the allied commander acting on instructions from Paris, refused to have anything to do with it—telling Herr Stinnes that the French government was determined not to interfere in purely domestic questions. This it is said, although it did not prevent this Stinnes newspaper from reporting that it was the French who wanted to impose the longer working hours.

## PROCLAIMS NAVY DAY IN VIRGINIA

(By The Associated Press.)

RICHMOND, Va., Oct. 10.—"Navy Day" has been proclaimed to the people of Virginia by Governor E. Lee Trinkle in the following message: "To the People of Virginia:

"In the interest of the welfare of the Navy and of the nation, I call on the people of Virginia to observe in appropriate and patriotic manner, Saturday, October 27, 1923, which has been designated and set aside as Navy Day in the United States.

"The past year has witnessed events which give point to the truth that our Navy not only is a weapon of defense, but an instrument of mercy. We should remember the great services of the Navy to the Nation and to humanity.

"It is for this reason that I take pleasure in urging upon the citizenship of Virginia a most cordial observance of Navy Day throughout the State in recognition of the past gallant services and future protection of the first line of defense—Our Navy.

"E. Lee Trinkle, Governor of Virginia."

WHISKERS ARE TABOO ON THE COPS OF TURKEY

(By The Associated Press.)

CONSTANTINOPLE, Oct. 10.—Constantinople policemen must shave at least twice a week and are not to wear their caps tilted at the fashionable angle, says a new regulation issued by the Chief of Police.

The order concludes: "Policemen while in the streets must preserve a serious demeanor and respect. The qualities of the policeman are dignity, proper pride and tact."

Safety Head

(By The Associated Press.)

LEWIS A. DeBlois of Wilmington, Del., is the newly elected president of the National Safety League and will direct that organization's nationwide campaign against accidents in home, street and industry.

## SCRAPPING PARSON FINDS OLD RING TACTICS COME IN HANDY

(Special to The Bee)

ST. LOUIS, Oct. 11.—"In this corner Kid Satan, in the other the Rev. Eddie Young."

The fight announced above, has been on for years. Kid Satan, alias Knockout Lucifer, is well and unfavourably known. His opponent is the popular favorite even though he is less experienced.

The Rev. Edward R. Young, evangelist of the Church of the Assemblies of God, is his title now. He never was a champion—he always was a fighter—he still is.

Bible vs. Fisticuffs. When Eddie was a kid and had vanquished each and every one of his playmates, two neighborhood sports arranged a bout in a barn with \$5 as a purse. After 20 bloody rounds, Eddie won the fight and the \$5 with an uppercut.

The sports said Eddie was cut out for a pugilist. Eddie's mother had set her heart on him filling a pulpit. But the fighting virus was in his blood and the sports won out—temporarily, at least.

"I fought all over California and Nevada and helped entertain the wide-open town of Goldfield in 1906 during the gold rush," Young recalls. "I have lost decisions, but never taken the count. In those days anything less than 20 rounds was considered amateurish. I did not stoop to anything like that, of course."

K. O. for Satan.

"I guess I was like the prodigal son mentioned in the Bible. I spent my winnings in riotous living and usually was on my uppers. One time, huddling over a tramp fire on a damp night, I chanced to pick up a newspaper and read a certain article. There and then I decided I could use my gift of fighting in the pulpit as well as in the ring."

"When I first entered the Bible Institute at Los Angeles I was a pathetic figure. Some professor told me my vocabulary was inadequate and I didn't know what he was talking about."

"For the last 12 years I've been fighting as I never fought before to put Satan down for the count. There is just as much action in the pulpit as in the prize ring and a lot more satisfaction."

Strangely, the evangelist was not interested in the Dempsey-Firpo contest. The Bible, and not the sport page, is his favorite reading.

REV. EDWARD R. YOUNG

"For the last 12 years I've been fighting as I never fought before to put Satan down for the count. There is just as much action in the pulpit as in the prize ring and a lot more satisfaction."

Strangely, the evangelist was not interested in the Dempsey-Firpo contest. The Bible, and not the sport page, is his favorite reading.

## SERVES PROCESS ON MRS. GOULD

(By Chicago Tribune Service)

PARIS, Oct. 10.—The millionth chapter of the conjugal controversy between Frank J. and Edith Kelly Gould occurred yesterday morning when a process server broke into Mrs. Gould's suite at Clarendon's in the guise of a femme de chambre while the actress was taking a bath and served a summons on her to appear in court Saturday in the action which her millionaire former husband claims 1,000 francs (about \$60) damages for every time she used the name of Gould in advertising her dancing art at the Alhambra Theatre.

It is estimated that Mr. Gould's total claims will run into millions of francs, as every program, bill board and poster advertisement and any other document bearing the name means another 1,000 francs.

"I was taking a bath this morning and was expecting the maid to fetch some chocolate and toast for breakfast when some one tapped on the door. Thinking it was the maid I called to enter, and instead it was a court official with a summons to appear in court again," said Mrs. Gould.

"But he cannot collect damages as the court already has thrown out the original suit on the ground that we are neither French citizens, and English and American law provides that a wife retains her husband's name after their divorce. I tried to regain my maiden name when I was divorced, but was told that it required six months legal process and abandoned it."

ALLSBROOK WITHDRAWS FROM RACE IN N. C.

(By The Associated Press)

RALEIGH, N. C., Oct. 10.—Richard G. Allsbrook, of Tarboro, N. C., in a statement tonight to the Raleigh News and Observer announced his withdrawal from the congressional race in the second district to select a successor to the late Claude Kitchen, leaving Judge John H. Kerr, of Warrenton, N. C., as the undisputed winner in the nomination on the Democratic ticket.

Judge Kerr lead Mr. Allsbrook in Saturday's Democratic primary by about 2,000 votes. Had Mr. Allsbrook not withdrawn a second primary would have been necessary.

TRAINING COMPLETED.

(By Chicago Tribune Service)

NEW YORK, Oct. 10.—Harry Willis, the burly negro who has repeatedly challenged Jack Dempsey for his heavyweight crown, and Homer Smith, of Kalamazoo, Michigan, who recently was knocked down a number of times in his bout with Los Angeles Firpo, but escaped a knockout, tonight had completed their training for their ten-round battle in Long Island City tomorrow night.

MOTHERS—

Why allow "suffering" and "study," wheezy breathing to harass your babies when quick relief follows the use of

CHAMBERLAIN'S COUGH REMEDY

No Narcotics

THERE are twenty-one different styles of Victrola instruments, varying in size, design and price—and each one represents the highest quality and the utmost value for the money. On Victor Records you get your kind of music by the artists you want to hear—the greatest in their particular fields. The best music and the latest music—new Victor Records are now issued every Friday.

## Out tomorrow New Victor Records October 12, 1923

### Red Seal Concert and Operatic

(Since First I Met Thee (Walse-Rubinstein) Mabel Garrison 941 \$1.50

(Gay Butterfly (Havies) Mabel Garrison

"Since First I Met Thee" is Rubinstein's melodious "Romance in E Flat" set as an English song with cello obbligato. "Gay Butterfly" is a brilliant waltz song with delightful coloratura passages.

(Song of the Viking Guest Feodor Chaliapin 6416 2.00

(Song of the Flea (Goths-Messiaen) Feodor Chaliapin

The Viking Song is a magnificent bass number, with rolling, surging music like the heave and backwash of great seas. The setting of the "Song of the Flea" is one of the oddest in music.

(Etude in A Minor (Chopin) Piano Solo Alfred Cortot 6417 2.00

Impromptu in A Flat (Chopin) Alfred Cortot

Two numbers of the highest beauty and importance for the true lover of piano music. Melody, melody everywhere! These pieces are almost without rival.

### Melodious Instrumental

(A Hunting Scene Arthur Pryor's Band 19118 .75

(The Mill in the Forest Arthur Pryor's Band

Numbers that will especially please children. The Hunting Scene tells its own story. The Mill in the Forest is quiet and idyllic with a polka tune in the middle.

### Light Vocal

(If I Knew You Then as I Know You Now Charles Hart 19134 .75

(I Wish I Had Someone to Cry Over Me Lewis James)

These favorite artists have two fine tenor waltz songs—a song of love disillusion, very sweet and sorrowful, and a touching companion song, with a fine saxophone interlude.

(I've Got the Yes! We Have No Banana Blues Belle Baker with The Virginians 19135 .75

Jubilee Blues Belle Baker with The Virginians

To judge from this record the "Bernhardt of Big Time Vaudeville" has heard too much of the recent favorite street song. This number and "Jubilee Blues" are both with a jazz orchestra.

### Dance Records

(Foolish Child—Fox Trot Benson Orchestra 19136 .75

(That Old Gang of Mine—Fox Trot of Chicago

In "Foolish Child" a saxophone crows joyously above some bell effects. "That Old Gang of Mine" is as good a fox trot as it was a song.

(The Frivolous Girl—Tango International Novelty Orchestra 19137 .75

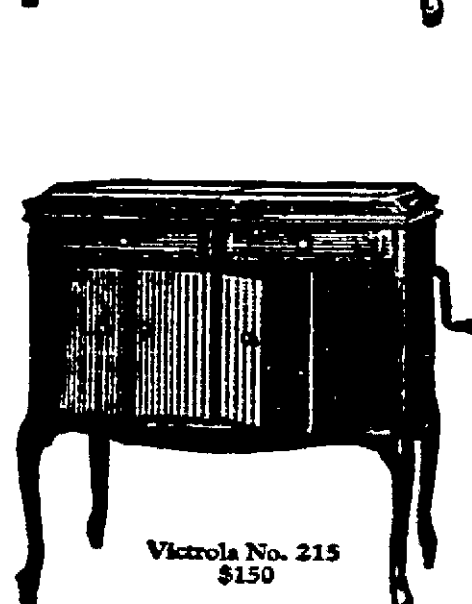

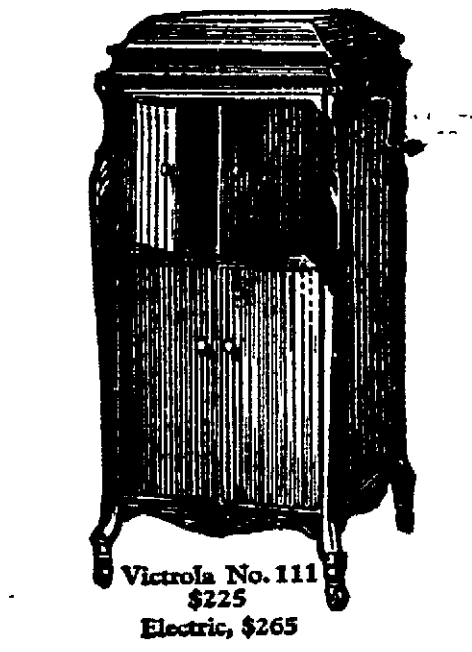

(Love-Longing—Tango

These tangos in the Argentine rhythm are romantic in style, not jazzy. They will test your dance skill if you possess it and develop skill if you don't.

(Oh! Sister, Ain't That Hot!—Fox Trot Charles Dornberger and His Orchestra 19138 .75

(Mean, Mean Mamma—Fox Trot Benson Orchestra

"Mean, Mean Mamma" is well-named. The rhythm, melody, harmony and tone-color get into mean combinations—and untangle cleverly. "Oh! Sister, Ain't That Hot!" is another of the same sort.

Look under the lid and on the labels for these Victor trademarks Victor Talking Machine Company, Camden, N.J.

## ORTHODOX JEWS OUTLINE POLICIES IN VIENNA CONGR'S

(By The Associated Press.)

VIENNA, Oct. 10.—The World Congress of Orthodox Jews, convened in this city to deal with everyday Jewish problems in their purely religious aspect, adopted six resolutions at its closing session which, taken together, set forth the immediate tasks of the organization. These are:

To regain, through organized effort, spiritual contact with dispersed and estranged Jewry, in particular the Jews of the west and the east.

The promotion on an extensive scale of the study of the Torah and Jewish education, especially in the countries where opportunities along these lines are most lacking.

The amelioration of the economic situation of the Jewish masses in impoverished countries, and Palestine.

The organization and promotion of the means of prompt succor in cases of emergency.

The promotion of the Jewish spirit in the daily press and in literature.

To obtain the recognition, as authoritative spokesmen for the entire body, of Jews who consciously seek inspiration from the Torah and who live according to its precepts.

The congress described also as the "Knesset Gedulah of the Agudas Jisroel" was attended by 450 delegates from 22 states. Most of them came from central and eastern Europe.

They sat through three sessions a day for eight days, and listened with religious fervor to the orations and exhortations of men highly esteemed as leaders and students.

The Agudas Jisroel was founded 11 years ago. It was a practical expression of the conviction that the mechanical achievements of this generation, such as fast travel, the opportunities for the rapid accumulation of wealth in distant lands, and a host of other social and economic factors, were isolating Jews into small groups in a manner to make it more difficult for their spiritual leaders to keep before them the religious traditions and pure ideals of the race.

It was to avert these dangers threatening Jewry that the Agudas Jisroel was organized.

The congress did not concern itself with political matters. Even in the question of the creation of a national home for the Jews in Palestine, the organization was less concerned with the number of those taking up their abode there each year, than with the motive actuating the immigrant and his spiritual attitude toward the land of his destiny.

The Chasidim, Rabbi of Sokolow said much in his address on the Jews in the Holy Land, and Rabbi Kitzchenboim (Jerusalem) described the many difficulties against which the Jews of the independent orthodox group were compelled to fight.

As proof of the sympathetic interest felt by the organization for the Jewish movement, many have cited the dispatch to Sir Herbert Samuel of a cablegram expressing warm sentiments of gratitude on behalf of the Agudas Jisroel for his efforts in the interest of Zionism.

Rut it is the strengthening of the faith of those who have hitherto taken their religious duties lightly, and the moral regeneration of the Jews far removed from the staunch Torah adherents of the East, to which the chief efforts of the organization are to be directed. These Jews are to be taught that every observance laid down in the Law is an essential in the life of the believing Jew.

## FEEDS RUIN CHILDREN

(By The Associated Press.)

RIGA, Latvia, Oct. 11.—Poor children to the number of 360 have reached here from the Ruhr. They are being housed in institutions, and private families, the idea being to give them, for a few months, free of charge, good food and plenty of it.

Lewie A. DeBlois of Wilmington, Del., is the newly elected president of the National Safety League and will direct that organization's nationwide campaign against accidents in home, street and industry.

## Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying, throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

 person or institution feeling person-  
 ally aggrieved by any expression in  
 these columns.

## A THOUGHT

Woman, where are those thine  
 accusers? hath no man condemn-  
 ed thee.  
 She said, No man, Lord. And  
 Jesus said unto her, Neither do I  
 condemn thee; go, and sin no  
 more.—John 8:10, 11.

It is necessary to repent for years  
 in order to effect a fault in the  
 eyes of men, single tear sur-  
 faces with God.—Chateaubriand

THURSDAY, OCTOBER 11, 1923.

## A LOST ART.

The quill pen has fought its last  
 battle against the steel and fountain  
 pen—and lost. Philip Cooper whose  
 company used to slip as many as  
 three million quill pens at a time to  
 the Indian government, announces  
 that they've quit making quills.

The Southwark County Court in  
 England has been the last stronghold  
 of quill pens. The court clung to  
 them as a matter of sentiment, a link  
 with the olden days. But even this  
 court recently discontinued quills and  
 adopted fountain pens. So dies a  
 quaint and ancient industry, mighty  
 in its day. Such quill pens as will  
 be made in the future will be the decorative  
 kind that are parked in a jar of  
 birdshot on milady's writing desk.

Philip Cooper gives "no market" as  
 the chief reason for going out of the  
 quill manufacturing business. Another  
 reason is that he no longer can  
 find a workman who knows the art  
 of making them. The craftsmanship  
 involved in making quills was intricate  
 and required a skill found in few  
 trades. The art was handed down  
 from father to son. As with beating  
 out gold leaf, it was said that a quill  
 pen maker was born, not made. The  
 quill pen served many generations to  
 whom it was the leading instrument  
 of making records and writing letters.

Its passing is symbolic of the  
 fate of all man-made devices. The  
 new and improved inevitably becomes  
 the antiquated and obsolete.

The fountain pen is "handier," but  
 experts claim that the best grade of  
 quill pen—made from a wild goose of  
 Hudson Bay—is the finest instrument  
 for writing in the world. These top-  
 notch quills sold in hundred-lots for  
 about 13 cents apiece—in the old  
 days when 13 cents was considerable  
 money. Wonder what will eventually  
 put the fountain pen out of business.

AND DON'T FORGET DANVILLE  
 DAY.

This is "Danville Day at the Fair  
 that which by custom and community  
 pride in the annual undertaking has  
 always laid claim to the largest at-  
 tendance during the four-day event.  
 With fine weather in prospect Dan-  
 ville people should this afternoon and  
 tonight turn out en masse not only  
 for the fun and amusement which  
 they will get out of it, but as a means  
 of encouragement to the Fair Asso-  
 ciation and as an earnest of good will  
 and community support which help to  
 inspire the organization to larger ef-  
 fort in the future.

The Fair this year reflects credit on  
 the Association. The exhibit halls  
 are full of interesting objects on dis-  
 play and the two buildings are  
 worthy of a careful survey for there  
 are exhibits in the most interest to ev-  
 eryone. The amusement features are  
 certainly the best which the Association  
 has afforded and the midway  
 concessions are just as alluring. Let  
 this be the banner day of the 1923  
 Fair and let the attendance eclipse  
 previous records and thus show Dan-  
 ville's readiness to support a home  
 undertaking which has a very definite  
 value to this city and its surround-  
 ing community.

VENUE IS ASTORE.

(By The Associated Press.)  
 SEATTLE, Wash., Oct. 10.—The  
 British tanker El Lobo went ashore  
 this afternoon on Robert's bank, near  
 Vancouver, B. C., according to a re-  
 port received here.

MRS. CROKER BACK

BOSTON, Oct. 10.—Mrs. Bulia E.  
 Croker, widow of Richard Croker,  
 former Tammany head, was a pas-  
 senger on the liner Baltic which  
 touched Boston Tuesday from Liver-  
 pool.

## THE PHILIPPINE DEADLOCK

(New York World.)  
 The Coalitionists, flushed by their  
 recent victory, threaten to block  
 through their control of the Philip-  
 pine Legislature, all measures recom-  
 mended by Gov. Gen. Leonard Wood.  
 They have it in their power to create  
 a complete deadlock which when they  
 have done that they will have accom-  
 plished their purpose, for when they  
 block the political fires now raging in  
 Manila. For practical purposes they  
 will not advance the cause of Philip-  
 pine independence which is their pro-  
 fessed purpose, by having co-operation  
 with the Governor General. The  
 Government of the islands will con-  
 tinue to function, with or without  
 their assistance.

But such speeches as that of As-  
 sistant Justice Malcolm O. Phil-  
 lippine Supreme Court, where he de-  
 clared that unless the existing con-  
 dition was amicably settled it  
 would lead either to the "imposition  
 of the iron hand by the American  
 Government, and possible withdrawal  
 of the prerogatives already granted  
 or secession and insurrection brought  
 on by hot-headed Filipinos," can only  
 do harm. The off-hand promise of a  
 Wood partisan that the United  
 States might re-establish military  
 rule in the islands and re-assert the  
 right of self-government to the Pil-  
 lippine under the Jones act, including  
 the general legislative power pos-  
 sessed by the Philippine Legislature,  
 is calculated to alienate even those  
 Filipinos who are not in sympathy  
 with the Coalitionists.

Wood, the center of the disturbance,  
 has never said or done anything so  
 imprudent or untimely as this Amer-  
 ican judge of the bench of the highest  
 Philippine court.

There is always one conciliatory so-  
 lution open to Washington, if it will  
 consider it. The program, Gen. Wood  
 was entrusted with carrying out, was  
 to reverse the policy of his predeces-  
 sor and reduce native power and in-  
 fluence in the Government. He went  
 about it in a soldierly way, giving of-  
 fense to the Filipinos, encouraged by  
 their progress in self-government. He  
 cannot repair the mischief he has  
 worked, but Washington can undo it  
 by the adoption of a more liberal atti-  
 tude in the government of the Philip-  
 pines.

## MARTIN HELD FOR KILLING R. O. AMOS

ROANOKE, Va., Oct. 10.—Following preliminary hearing in police court this morning, A. E. Martin was ordered held for the grand jury in connection with the killing of R. O. Amos at Martin's home last night shortly before midnight. It was testified that Amos and two other men went to the Martin home earlier in the night, bought two pints of whiskey from Mrs. Martin and joined her in a game of dice which lasted 3 hours and culminated in a row during which Amos was shot. Martin's bond was placed at \$5,000 and Mrs. Martin was convicted, for the second time, of violating the prohibition law and was sentenced to pay a fine of \$500 and serve ninety days in jail she appealed and her bond was fixed at \$1,000. Amos was married.

## HOW TO STOP SORE, BLEEDING RECEDING GUMS

Dentists say that a great majority of people suffer from pyorrhea (Riggs Disease) or pyorrhoal tendencities. The beginning is sore, receding or bleeding gums, sensitive or loose teeth, pus pockets and bad odors. Pyorrhea not only affects the gums and teeth, but also your general health, as the pus, which is very poisonous, is absorbed into the system causing serious stomach troubles, the results of which are sometimes fatal. You can now treat pyorrhea at home and get relief with formula known as Creosene, the new discovery that, through penetration, carries a powerful but harmless germicide of which creosote (the greatest germ-destrorying, tissue-preserving agency known and used by dentists for years) is the base, right to the roots of the teeth, killing the pyorrhoal germs, making the gums healthy, tightening up and preserving the teeth, healing pus pockets, relieving pain and destroying odors caused by decayed or abscessed teeth.

Creosene is pleasant to use, and should be used by every one who wears a plate, as it keeps the gums firm and healthy and free from pain. \$1.00 at your druggist and your money back if it fails. Creosene Co., Atlanta, Ga.—adv.

## STYLISH HAIR

For dressing the hair in the new style there's nothing to equal Nelson's which makes stubborn hair soft and very easy to manage. Nelson's gives the snap and sparkle to bobbed hair for misses and the glossy, soft, stay-combed effect for young men. Besides Nelson's is fine for the scalp and hair.

Sold by all drug stores.

## Muscles Must Be Developed To Achieve a Perfect Body

KAREN WESTERDAL (LEFT) AND MARGRETHE STOUNBERG ILLUSTRATING ONE OF THE EXERCISES IN THE ACCOMPANYING ARTICLE.

This is the third of a series of articles by Nils Bukh, Denmark's "Vulgar Camp," in which he tells American women how they may develop a lithe and healthy body through his system of training.

**YOU CAN MAKE A STRONG BODY WAVING A FAN.**  
The trouble with most of us is that we are strong in spots. We tend to develop only those muscles that we use in our daily occupations. The blacksmith has a powerful forearm. The stevedore a strong back, and so on.

The chief points of weakness are the abdomen, the forearms of the

arms and the calf. And until these defects are corrected, the perfect body is an impossibility.

With a uniformly strong body, specialization may then be attempted with greater success.

The exercise illustrated in the article is particularly designed for strengthening the abdomen, the arms of the legs, and the back muscles.

Two people are necessary, or it may be performed by hooking the toes under some solid support, such as an attached ladder.

When two people are doing it, the toes are hooked under the calves of the other person's leg. One lies flat on the back, arms extended straight back. The other bends forward, with the hands extended straight ahead.

Then as the one leaning forward bends backward, the other is drawn forward and up. Repeat this rapidly and vigorously.

Another exercise of particular benefit to the legs is this:  
The two people face each other and clasp hands, standing with the heels together.

Then sink on the left leg, bending it at the knee, and at the same time thrust the other leg violently to the right. Meanwhile pull against the other person. Return to the upright position promptly.

Repeat, bending the right knee and thrusting with the left leg.

## Gen. Oglethorpe's Casket Is Found

(By The Associated Press.)  
CRANHAM, ENGLAND, Oct. 10.—Resting in a lead-lined elm wood coffin, almost as well preserved as if it had been deposited yesterday, the body of General James F. Oglethorpe was found late today in a brick vault under the floor of the little parish church here, where it was interred 138 years ago. The body of Lady Oglethorpe, who died two years later, rests beside her husband in a similar coffin. Large bronze name plates give unmistakable evidence of the identity of the bodies.

Time and the elements have apparently placed only a light hand on the venerated Briton, who laid the foundations of the present American states of Georgia, Alabama and Mississippi for the only sign of decay in the coffin is a slight break in a seam at the head of the general's coffin, which exposed the inner wood.

The Associated Press correspondents was the only correspondent admitted to the church. He was allowed to descend by means of a ladder. With the aid of the sexton, it was possible to make out the following inscription on General Oglethorpe's coffin: "The Honorable General Oglethorpe died the first July, 1785."

The vault is built of large, heavy bricks. It is about ten feet long, six feet wide and four feet high, and in massiveness not unlike in appearance some of the mortuary chambers in the valley of the Kings of Egypt.

Dr. Thorndell W. Jacobs, president of Oglethorpe University, was the first to enter the vault. He was followed by the Rev. Leslie Wright, the rector. "You have made a remark," was the rector's last remark to Dr. Jacobs after the coffin had been examined.

The tomb will be temporary closed for one week, so as to permit the channeling the diocese to give notice to all the parishioners of the intention to remove the bodies to America.

## CHANNEL SWIM FAT-MAN'S JOB

CLEVELAND, Oct. 10.—Swimming the English channel is a fat man's game. Carlin A. Walker of Cleveland, whom swim across Lake Erie this summer but failed to negotiate the channel, said in explanation of his failure.

"I was in the water 3 1/2 hours," he said, "it was so cold it penetrated my muscles. After swimming three miles I became delirious and then unconscious."

"It's a fat man's job—and only a man with a lot of surplus flesh on his ribs to withstand the cold water can succeed. I failed because I had kept down weight for fast swimming."

**Rah! Rah! Rah!**

The most interested spectator at the Georgetown-Marine football game in the capital recently was "Sergeant Jiggs," Marine mascot. The sergeant knows the fine points of the game and grows out of his disapproval when any of his "teammates" makes a misplay.

## A MULTITUDE OF WOMEN RECOMMEND IT.

The strongest recommendation possible for any medicine to have is the sound testimony borne by the vast multitudes of women who have used it. It has been proved that 93 out of every 100 women once ill with ailments that caused suffering and despair have been restored to the joys of health by Lydia E. Pinkham's Vegetable Compound. This marvelous record shows its power over the ills of women, and the letters of recommendation we are continually publishing in this paper should induce every ailing woman to try it.—adv.

## W. AND J. DENIES AGREEMENT NOT TO PLAY WEST

(By The Associated Press.)

WASHINGTON, Pennsylvania, Oct. 10.—Robert M. Murphy, graduate manager of the Washington and Jefferson football team, replying tonight to the statement of Washington and Lee University that he had violated an agreement not to use Charles West, negro half back, in last Saturday's game between the two universities, declared no such agreement ever had been made.

"When the contracts for the games between Washington and Jefferson and Washington and Lee were signed last January," he stated, "no mention was made about barring any player on either team. The first information I had of Washington and Lee might object to West was given when the Washington and Lee basketball team was here in February. At that time I was asked if we intended using West in the football game and I replied that we did. If the coach thought him good enough, and that the contracts had been signed without any restriction, then I had no authority to bar him."

"The next reference to West's playing was received in a letter dated October 2 and received two days before the game, in which the Washington and Lee president declared we would not use West, but said he left the matter entirely in our hands. When the team arrived here the Washington and Lee manager admitted there had been no agreement to bar West. The letter was called under conditions which could not be avoided on our part."

**BOB CRUIKSHANK TOPPED FIELD**

(By The Associated Press.)

MEMPHIS, Tenn., Oct. 10.—"Bob" Cruikshank, Westfield, N. J., professional driver, straight and long off the tee and approaching with uncanny deadliness, topped a field of more than 100 entrants in the first qualifying round today of the western open golf tournament with a score of 69 for the 18 holes—made in 1922 and won the Colonial Country Club course and within two strokes of the course record.

Wilfred Reid, of Detroit, was runner-up to Cruikshank for low honors for the opening day. At the city hall so many were gathered before him that even with the aid of a huge megaphone he was able to convey his words with but feeble success.

At soldiers hospital he passed considerable time with hundreds of disabled veterans, telling them they had helped save the liberty of the world and that without them Europe today would be a vassal state.

**LLOYD GEORGE PLEADS UNITY IN THE EMPIRE**

(By The Associated Press.)

TORONTO, Ont., Oct. 10.—Lloyd George before a large audience in Massey hall today pleaded for unity within the British empire so that when the cry of war goes up the British empire may say "halt" and the cry of war will stop.

Expressing his personal thanks to Toronto and to Canada for the aid they gave from 1914 to 1918 the wartime premier said he feared another catastrophe unless something intervened.

"That's why I want to see the British empire strong and mighty," he said, "that when the cry of war goes up we may say 'halt' and it will stop."

In the audience were Sir Robert Borden, the war-time premier of Canada, and other public men. Mr. Lloyd George devoted himself primarily to a discussion of the achievements of the British empire in the world war.

Great throngs greeted the former premier upon his arrival here and during his entire visit. At the city hall so many were gathered before him that even with the aid of a huge megaphone he was able to convey his words with but feeble success.

At soldiers hospital he passed considerable time with hundreds of disabled veterans, telling them they had helped save the liberty of the world and that without them Europe today would be a vassal state.

**WITNESSED KILLING**

(By The Associated Press.)

PHILADELPHIA, Oct. 10.—Ernest Faccenda, 26, of this city, admitted today, according to detectives, he was a witness to the killing of Emma Dickman, 15-year-old high school girl, whose body was found in a clump of trees near her home at Bricksboro, N. J., September 22, nine days after she disappeared. Faccenda was held in \$500 bail for a further hearing next Wednesday.

## Open Shop Labor Plan In Effect

(By The Associated Press.)

NORFOLK, Va., Oct. 10.—Bloodshed marked the inauguration of the stevedores open shop policy for longshoremen here late today when a truck load of negro laborers, returning from the engineer pier, where they had replaced union longshoremen, was fired upon by unidentified negroes in an automobile.

William H. Ashlee, negro was fatally wounded, dying two hours after reaching a hospital and Ernest Jackson, negro, was shot in the knee. The three were driving in the truck when the attacking party opened fire.

Two negroes both of whom police claim have admitted that they were striking longshoremen are held for investigation in connection with the shooting. Five men are said to have been in the attacking party.

(By The Associated Press.)

NORFOLK, Va., Oct. 10.—Open shop labor on a 65 cent wage scale is now in effect on the Norfolk waterfront. Stevedores and steamship operators announced today that no union wages would be paid to longshoremen who were not members of the International Longshoremen's Association who Saturday called a strike when the employers refused to meet a demand for an 80 cent wage scale.

John T. Campbell, spokesman for the stevedores and steamship operators, announced that the employers had been able to find plenty of non-union men to handle the loading and unloading of ships. More than 60 laborers, responding to advertisements, were turned away from a single pier here today, Mr. Campbell said.

"Our dealings with the unions have ceased," Mr. Campbell said. "We have been able to get all the labor we want at 65 cents an hour and we are not going to negotiate any more agreements with Mr. Chlopek."

John T. Campbell, president of the International Longshoremen's union, announced that the employers had been able to find plenty of non-union men to handle the loading and unloading of ships. ## GERMANY WILL MAKE NEW OFFER ON REPARATIONS

(By HENRY WALES)

(By Chicago Tribune Service)

PARIS, Oct. 10.—Germany will soon make the allies a new offer on reparations according to authentic reports reaching official quarters in Paris.

Chancellor Stresemann is already preparing the text of the proposals which incorporate many points in the Cuno memorandum of June 7 and which Premier Poincare declined to consider because passive resistance in the Ruhr had not been abandoned but which London and Rome found worthy as a basis for discussion and even Brussels called "a step forward."

It is understood that Herr Stresemann will submit a memorandum as soon as his government is established on a firmer basis and he has the situation in better control.

From informed sources it is understood that Herr Stresemann will reply to the various French and Belgian officials' statements that they must obtain respectively from Germany the amount of the debts which they must repay the United States and Great Britain by asking how much these sums are.

This is expected to force Downing Street to attempt to reach an immediate accord with France on the payments and that the other allies will seek to find a means of coming to an understanding on their debts.

The French government through General Degoutte and other officials in the occupied territory has begun official negotiations with German industrial and labor leaders in the Ruhr and Rhineland.

Opening tentative and informal pourparlers have been successful and Herren Stunnes, Wolf and other capitalists having demonstrated their sincerity and good faith by their cessation of production in the mines and factories which were paralyzed through passive resistance, Premier Poincare has given General Degoutte full plenipotentiary powers to conclude a series of accords for the resumption of industrial operations in the occupied areas.

These accords will provide for the immediate resumption of deliveries in kind to be allied to the reparations account with the manner of payment left to be worked out later in case the Berlin government declines to pay.

General Degoutte today conferred with the leaders of several groups controlling practically the entire industrial life of the Ruhr.

As long as the French occupy the Ruhr they intend to deal directly with the German industrial leaders there and not to permit Berlin to interfere. An agreement with the German government will be necessary, however, to cover the payment for fuel and manufactured goods which the Ruhr operators deliver to the Allies on the reparations account.

**FORMER GOVERNOR AND FAMILY IN ACCIDENT**

HARLEM, Ga., Oct. 10.—Junius T. Liles, former lieutenant Governor of South Carolina, his wife and three children were reported injured near here early tonight when the automobile in which they were riding turned over in a ditch. Physicians said that none of the party was believed to be seriously injured. They were taken to Augusta for further medical treatment.

**Will Take Off All Excess Fat**

Do you know that there is a simple, harmless, effective remedy for overweight that may be used safely and secretly by any man or woman who is losing the slimness of youth. There is and it is none other than the tablet form of the now famous Marmola Prescription, known as Marmola Prescription Tablets. You can well expect to reduce steadily and easily without going through long sieges of tiresome exercise and starvation diet, or disgusting greases and salves. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case. Dr. you can secure them direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich., on receipt of price—\$4.00.

**Look in Ten Days**

See the whiter teeth appear when you combat the film

Your druggist this week has 10-Day Tubes for a new way of teeth cleaning. Millions now employ it. You see its results in prettier teeth wherever you look today.

Now we urge you to learn what it means to you and yours. The test is delightful, the results are amazing. Go find them out.

**The fight on film**

Dental science has in late years started a fight on film. Film is that viscous coat you feel. Under old brushing methods, much of it clings and stays. Soon it becomes discolored, then forms dingy coats. That is why teeth lose luster.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Fewer escaped tooth troubles, fewer bad glistening teeth, under old-time brushing methods.

Now research has discovered two effective film combatants. One disintegrates the film at all stages of formation. One removes it without harmful scouring. Able authorities proved these methods by many careful tests. They are a new type tooth paste was created to apply them daily. The name is Pepsodent.

Careful people of some 50 nations have now come to employ it, largely by dental advice.

**Night-and-day aids**

Pepsodent also multiplies the alkalinity of the saliva—the neutralizer of mouth acids. It multiplies the starch digestant in the saliva—put there to digest starch deposits.

Those factors act as tooth-protecting agents. Every use of Pepsodent gives them manifold effect.

**Protect the Enamel**

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combaster which contains harsh grit.

**Pepsodent**

REG. U. S. PAT. OFF.

**The New-Day Dentifrice**

A scientific tooth paste based on modern research. Now advised by leading dentists the world over.

## Overnight Features

BY THE ASSOCIATED PRESS

(By The Associated Press.)

Sailor Friedman, Chicago pugilist, is slugged and beaten in Milwaukee and so badly hurt that he cannot go on with scheduled fight against Pinky Mitchell tonight.

Captain C. P. Plummer, senior vice commander of the American Legion, advises Portland, Oregon, labor convention that the American Legion plans to put out of business every foreign language newspaper in the United States.

United States Attorney Robert O. Harlin at Boston says it is as much the duty of courts to hold over-zealous prohibition agents within the law as to punish bootleggers.

Three men are killed and five injured in United States automobile explosion off San Pedro, California.

Oklahoma legislature completes plans for launching impeachment proceedings against Governor Walton.

Rioting charges against N. C. Jewett, grand dragon of the Ku Klux Klan in Oklahoma, are dismissed.

**11 MEN HELD AT SPRUCE PINE FOR RIOTING**

(By The Associated Press.)  
SPRUCE PINE, N. C., Oct. 10.—Eleven men, charged with rioting, unlawful assembly and conspiracy, were bound over to superior court under \$1,000 bond each in a hearing before Justice of the Peace Carr here today.

The cases grew out of the disorders and deporting of negro workers here, following an attack on an aged white woman by a negro, identified by the victim as John Goss, an escaped negro convict trusty, on September 26.

The hearing was free from disorder and demonstration. Only one of the defendants took the stand. The Rev. Morton Buchanan, who testified that he was holding a gun for a man at the scene of the disorders while the latter went in search of cartridges. Only six of the fifteen witnesses summoned by the state went on the stand, one of them being Town Marshal Wright.

Eleven cases are expected to be tried by the special term of superior court, called by Governor Morrison for Oct. 22, to try the negro.

**TUG GOES ASHORE.**

(By The Associated Press.)  
PORT ANGELS, WASH., Oct. 10.—The tug Equator, of Seattle, which went ashore last night in a fog near the mouth of the Quillay river, 50 miles south of Cape Flattery, sank today, according to word received here. The crew was saved. The tug Dolly C. ashore near the same place, was floated.

**Will Take Off All Excess Fat**

Do you know that there is a simple, harmless, effective remedy for overweight that may be used safely and secretly by any man or woman who is losing the slimness of youth. There is and it is none other than the tablet form of the now famous Marmola Prescription, known as Marmola Prescription Tablets. You can well expect to reduce steadily and easily without going through long sieges of tiresome exercise and starvation diet, or disgusting greases and salves. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case. Dr. you can secure them direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich., on receipt of price—\$4.00.

**Look in Ten Days**

See the whiter teeth appear when you combat the film

Your druggist this week has 10-Day Tubes for a new way of teeth cleaning. Millions now employ it. You see its results in prettier teeth wherever you look today.

Now we urge you to learn what it means to you and yours. The test is delightful, the results are amazing. Go find them out.

**The fight on film**

Dental science has in late years started a fight on film. Film is that viscous coat you feel. Under old brushing methods, much of it clings and stays. Soon it becomes discolored, then forms dingy coats. That is why teeth lose luster.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Fewer escaped tooth troubles, fewer bad glistening teeth, under old-time brushing methods.

Now research has discovered two effective film combatants. One disintegrates the film at all stages of formation. One removes it without harmful scouring. Able authorities proved these methods by many careful tests. They are a new type tooth paste was created to apply them daily. The name is Pepsodent.

Careful people of some 50 nations have now come to employ it, largely by dental advice.

# Giants Cop First Contest; Will Play Again Today

## 149 BALLS WERE PITCHED IN FIRST GAME OF SERIES

(By The Associated Press.)  
NEW YORK, Oct. 10.—There were exactly 249 pitched balls in the opening game of the Giants-Yankees world's series at the Yankee stadium today, of which 133 were delivered by Giants pitchers and 116 by Yankee slammers.

Analysis shows 94 of the 249 pitched balls were called balls by Umpire Billy Evans, 59 were called strikes, 25 were foul strikes, nine were fouls, 24 resulted in infield outs, 15 resulted in outfield outs, and 20 were hit safely by the rival batmen.

The individual records of the four

pitchers who worked during the game follow:  
Jack Watson, of the Giants pitched 36 balls in the two innings he faced the Yankees. Fourteen of that number were called balls, 11 called strikes, four foul strikes, four infield outs, 1 outfield out, and four safe hits.  
Bill Ryan, of the Giants pitched 35 balls in the seven innings he faced the Yankees. Thirty-seven were called balls, 19 called strikes, 12 foul strikes, 3 fouls, 7 infield outs, 3 outfield outs, 8 safe hits.  
Walter Hoyt, of the Yankees pitched 33 balls in the two and one-third innings he faced the Giants. Twelve were called balls, 7 called strikes, 4 foul strikes, 1 foul, four infield outs, 2 outfield outs and four safe hits.  
Joe Bush, of the Yankees pitched 33 balls in the six and two-thirds innings he faced the Giants. Thirty-one were called balls, 22 called strikes, six foul strikes, five fouls, 2 infield outs, six outfield outs and four safe hits.

## CUBS DEFEATED AMERICAN TEAM

(By The Associated Press.)  
CHICAGO, Oct. 10.—The National league drew first blood in the Chicago city series today when the Cubs defeated the White Sox 8 to 4. Charley Robertson, the Sox starting pitcher, paved the way to the Cub victory with a bad throw to the plate in the fourth which allowed two Cubs to score.  
Lyons replaced Robertson but was hit hard. Alexander pitched and Stetz and Adams led the hitting for the Cubs. Eddie Collins hit a home run with Hooper on first in the fifth inning.

**BROADCAST SLIPPER**  
The broadcast slipper is sure of a long run, and is appearing in the most gorgeous fabrics. Sometimes it is combined with a plain color, just to heighten its charm.

## Stengel's Homer Accounts for Win

(By The Associated Press.)  
NEW YORK, Oct. 11.—The immortal, memorial Casey, who held the Giants to three hits in the remaining six innings, allowing only one runner to get as far as second base, until the ninth, when Stengel came through with the winning punch.  
The Yankees got away to a flying start in the first inning. The central figure was Babe Ruth, whose attempt to come back after previous world's series failures and crown with glory the greatest season of his career, has absorbed almost as much interest as the outcome of the championship fray itself. With one out, Ruth forced Joe Dugan, who had walked, and then on a hit and run play, scored on Bob Meusel's two-base smash to center field. It was a daring and spectacular bit of base running by the Bambino and he was accorded an ovation as he slid across the plate with the first run of the series.

Geared into action, the Yankees came back in the next inning, leading 2 to 0. Stengel's strategy was to sacrifice along by Scott and tallied when Whitey Witt drove a whistling drive across second base that Frisch dove for but could not stop.  
Groh's single in the first inning was the only hit gained off Hoyt, until the erstwhile "boy wonder," looked upon as something of a Giant nemesis, "blew up" unexpectedly. Four runs clattered across before the inning ended and the entire complexion of the battle was changed.

Kelly, first up, singled sharply to center and when Gowdy walked, the Yankees held a hasty conference in an effort to settle Hoyt. Then came the real turning point of the game, a masterpiece of generalship by McGraw that gave the Giants a formidable advantage. Quick to sense Hoyt's weakening, the Giant pilot decided to retire his battery and sent Bentley, a slugger, to bat for Watson. While Maguire ran for Gowdy.

The Yankee outfield, playing back for Bentley, was caught unprepared when he popped a Texas leaguer over the head. It fell safe and the bases were filled with the heavy artillery of the Giants in the offing. Kelly came in with the first score when Bancroft forced Geary, who was running for Bentley. Halsey Groh singled with a booming triple down the right field line that tallied Maguire and Bancroft, tying the score, and completing the downfall of Hoyt. Bush came to the rescue, but before he could retire the side, Frisch shot a single to right that brought in Groh with the fourth run.

Then began the desperate fight of the Yankees to overcome the lead. Nothing the Giants attempted by a margin of 12 to 8, they had golden opportunities to score in five of the six remaining innings but only in one did they make good. It was in the fifth when Bush singled, scored on Dugan's terrific three-base clout to right that "Pep" Young juggled for a fatal few seconds. Ruth had an ideal setting when he came to bat, but though the Babe tried hard, his effort went for naught, through a spectacular bit of work by "Long George" Kelly.

Ryan, cutting the corner with his sharp-breaking curve, sent Ruth swinging prodigiously until the big slugger caught one that whistled down the right field foul line. It was labeled a hit, but Kelly, with a quick dive, got his hand on the ball, batted it down and then quick throw to Snyder, caught Dugan at the plate.  
Kelly's sparkling play was but one of several by which the Giants turned back their rivals at threatening junctures. Two double plays checked the rallies of the Hugger, while twice it was the sensational work of Frank Frisch, brilliant second sacker, that averted possible disaster for the champions.

In the fourth, Schang walked and after Scott fanned, Bush doubled to left. Witt bounded to Ryan, who trapped Schang off third. Groh making the put out and then doubling back to first on a wild pitch, scored. Ryan, outfielder tried to make an extra base on his tap.  
Ruth again entered the limelight in the fifth when, with one out, he drove a wicked liner to left, making third in another daring exhibition of base running when "Irish" Meusel handled the hit slowly in the belief that the Babe would pull up at second.

Bob Meusel lifted a looping fly over second, which Frisch grabbed from over his shoulder while running at top speed. Turning quickly the Giants' second baseman lined the ball to Snyder who blocked and tagged Ruth several feet from the plate to complete the double play. Base runner and catcher both rolled to the ground.  
Schang doubled with two out in the sixth but was stranded when Frisch with another fine running stop, tossed out Scott to retire the side.  
Pipp cost the Yankees a run in the 8th, when after singling and going to second on a wild pitch, he was umpled over the short power of the Yankees' pitcher, Schang, who's quick throw to Bancroft, Ward

## Score By Innings

**FIRST INNING**  
Giants—Bancroft up. Strike one. Ball one. Bancroft flied out to Ruth. Groh up. Groh singled into center on the first ball pitched. Frisch up. Ball one. Strike 1. Ball 2. Frisch forced Groh, Scott to Ward. Young up. Foul, strike 1. Frisch was out stealing. Schang to Ward.  
No runs, one hit, no errors.  
Yankees—Witt up. Strike one. Witt lined out to Bancroft. Dugan up. Strike one. Ball one. Strike 2. Ball 2. Ball 3. Dugan got a base on balls. Ruth up. The crowd cheered. Strike one. Strike two. Ball one. Ruth forced Dugan, Groh to Bancroft. Meusel up. Strike one. Ball one. Ruth scored on Meusel's double into center. Pipp up. Ball one. Strike 1. Ball 2. Pipp flied out to Meusel. One run, one hit, no errors.

**SECOND INNING**  
Giants—Young up. Strike one. Dugan threw out Young at first. Meusel up. Ball one. Strike one. Meusel fouled out to Pipp. Stengel up. Strike one. Strike two. Ball one. Ruth made a nice catch of Stengel's fly. No runs, no hits, no errors.  
Yankees—Ward up. Ward singled into left field. Schang up. Foul strike one. Ball one. Ball two. Foul strike 2. Schang singled into center field, Ward going to second. Scott up. Strike one. Scott sacrificed to Kelly unassisted. Ward went to third.  
Schang to second. Hoyt up. Strike one. Strike 2. Hoyt struck out on three pitched balls. Witt up. Ball one. Ball two. Ward and Schang scored on Witt's single into center. Dugan up. Foul strike one. Ball one. Foul strike 2. Ball 2. Watson threw out Dugan at first. 2 runs, three hits, no errors.

**THIRD INNING**  
Giants—Kelly up. Kelly singled into center. Gowdy up. Ball one. Ball two. Ball three. Strike one. Gowdy got a base on balls. Bentley up. Bentley singled to center. Kelly up. Foul, strike one. Bentley singled into center, Kelly going to third and the bases were filled. Groh up. Ball one. Kelly scored when Bancroft forced Geary, Scott to Ward. Maguire went to third. Groh up. Ball one. Bancroft scored on Groh's three bagger to right. Frisch up. Bush went into the box for the Yankees. Foul, strike one. Foul, strike 2. Groh scored on Frisch's single to right field. Young up. Ball one. Young forced Frisch. Scott to Ward. Meusel up. Strike one. Strike two. Ball one. Young was out stealing. Schang to Scott. Four runs, four hits, no errors.

**FOURTH INNING**  
Giants—Meusel up. Ball one. Ball two. Ball three. Strike one. Scott threw Meusel out at first. Stengel up. Strike one. Foul strike two. Foul strike 3. Kelly up. Ball one. Strike one. Kelly hit into a double play. Scott to Ward to Pipp. No runs, no hits, no errors.  
Yankees—Schang up. Ball one. Ball two. Ball three. Strike one. Schang walks. Scott up. Foul strike one. Ball one. Snyder almost picked off first. Strike two. Foul. Scott struck out. Bush up. Strike one. Bush doubled into left. Schang going to third. Witt up. Ball one. Ball two. Strike one. Ball three. Foul strike two. Witt hit into a full double play. Ryan to Groh to Frisch. Witt was trying to make second while Schang was being run down. No runs, one hit, no errors.

**FIFTH INNING**  
Giants—Snyder up. Snyder flied out to Witt. Ryan up. Ball one followed with a single that would have scored the first sacker but it was wasted when Ryan retired the next two batters.  
Pipp's apparent lapse, reminiscent of the famous 1922 occasion when Witt was caught "napping" off first base, was due, observers believed more to his injured ankle than to a lack of watchfulness. There seemed little question that the injury which had threatened for a time to keep the first sacker out of the series, slowed up his footwork but just the fraction of a second in which he was tripped. The Yankees were retired in order in the 5th and thus was concluded the first act of the drama of 1923, the drama in which McGraw, the "Little Napoleon" who is seeking his third successive world's championship, will be pitted against the star power of the Yankees and Babe Ruth—their star of stars, for above the team play, fans are watching with intense interest the struggle between these two types—Ruth, the greatest of all, the mainspring of the Yankees, and McGraw, the silent, masterful tactician juggler of baseball's tricks.

The probable line-up for today follows:  
**YANKEES**  
Witt, cf.  
Dugan, 3b.  
Ruth, rf.  
R. Meusel, lf.  
Pipp, 1b.  
Ward, 2b.  
Schang, c.  
Scott, ss.  
**GIANTS**  
Bancroft, ss.  
Groh, 3b.  
Frisch, 2b.  
Young, rf.  
E. Meusel, lf.  
Stengel, cf.  
Kelly, 1b.  
Gowdy, c.  
Watson, p.  
Snyder or Gowdy, c.  
Penneck or Jones, p.  
Umpire: O'Day at the plate; Nallin on first; Hart on second; Evans on third.

The following official box score tells the "Yankees" sorrow in mournful numbers:  
**YANKEES**  
Giants: 5  
Bancroft, ss. 4 1 1 3 0 0  
Groh, 3b. 4 1 2 2 0 0  
Frisch, 2b. 3 0 0 2 0 0  
Young, rf. 3 0 0 2 0 0  
E. Meusel, lf. 4 0 0 5 0 0  
Stengel, cf. 3 1 2 2 0 0  
Kelly, 1b. 4 1 1 5 0 0  
Gowdy, c. 0 0 0 1 0 0  
Watson, p. 0 0 0 1 0 0  
Snyder, p. 1 0 1 0 0 0  
Penneck, p. 0 1 0 0 0 0  
Ryan, p. 2 0 0 1 2 0  
Cunningham, of. 0 0 0 1 0 0  
**TOTALS** ..... 31 5 8 27 11 0

\*Batted for Scott in eighth.  
Score by Innings: R H E  
Giants: 1 2 0 0 0 1—5 8  
Yankees: 12 0 0 100—4 12 1

Summary: Two base hits, R. Meusel, Bush, Schang. Three base hits, Groh, Ruth, Dugan. Home run, Stengel. Stolen base, Bancroft. Sacrifice, Scott. Double plays, Scott to Ward, Pipp to Scott, Ryan to Groh to Frisch; Ryan to Groh to Frisch; Ryan to Groh to Frisch. Errors: 1. Ryan, 2. (Hoyt); by Ryan, 2. (Ward, Scott); by Bush, 2. (Ryan, Snyder). Hits off: 1. Hoyt, 4 in 2-1-3 innings; off Bush, 4 in 6-2-3 innings; off Watson, 4 in 1-2-3 innings; off Ryan, 4 in 1-2-3 innings. Winning pitcher, Ryan, losing pitcher, Bush. Umpire, Evans at plate; O'Day at first base; Nallin at second base; Hart at third base. Time of game, two hours, four minutes.

**BECKETT STOCK 52 POINTS OFF**  
The frivolous and festive order of bachelors is pointing to the abrupt finish of the return meeting between Joe Beckett and Georges Carpentier as a conclusive triumph for the principles of the organization.

Four years ago as a happy, unmarried battler, Beckett lasted 72 seconds with Carpentier. That is a long time for an English heavyweight to last against anybody these days.

Last July Beckett committed matrimony and the strain of supporting his family reduced his efficiency, 32 seconds, since in a return bout with Carpentier he lasted but 20 seconds.

**DRAFT SUBMITTED**  
BERLIN, Oct. 10.—The United States government, it was officially announced today, has submitted to the German government the preliminary draft of a trade and consular agreement which is under examination here. Negotiations between the two governments have yet occurred.

## Sidelines On World Series

(By The Associated Press.)  
NEW YORK, Oct. 11.—Day before yesterday, when the Giants were at practice in the Polo Grounds, "Casey" Sengel was being joshed by his mates for his inability to hit the offerings of the radio pitchers. Casey tried time and again but couldn't get the life of him, hit one on the nose.  
"What's the matter Casey?" asked George Kelly.  
"Aw, I can't do nothing till I get a crowd around," Casey replied.  
And when Casey got his home run in the ninth yesterday and the 55,000 fans cheered, Kelly, remembering said: "Casey sure knows his stuff."  
One of the most interested fans at the game sat in a box just behind home plate. He was all dressed to kill and beside him sat a fair fan. He was recognized as the same pitiful figure who sits on a Broadway corner at night with a sign on his chest "please help the blind."

The vendors of fan food had a profitable day. The vendor of the chief, estimating that a frankfurter to be five inches in length and a small paper bag to hold 25 peanuts, said he had sold fifty-seven miles of sausage and half a million of the pods from the plants that grow in the southland.

Pitcher John Scott's 71-year-old father, who came all the way from down South to see the series, sat alongside Keneas Mountain Landis, baseball's commissioner general.

Old Amos Rusie, a Giant of years goneby, had to stay at the Polo Grounds all day, but heard the result over the telephone. Rusie is day watchman at the Giants grounds.

Jack Hendricks, manager of the Indianapolis American Association club, who has been watching every word since Christy Mathewson was a rookie, declared it was the most thrilling game he ever had seen.

## Victory Army In Virginia Planned

BY GEORGE H. MANNING.  
WASHINGTON, D. C., Oct. 10.—A "Victory Army" of 4,000 Democrats in Virginia within the next 30 days is the goal of Chairman Cordell Hull, of the Democratic National Committee, who is this week sending a representative from National Headquarters to Virginia, where he will here through party leaders in every county and get the organization of 1924 Democratic Victory Clubs underway.

Mr. Hull stated today that he expected to have a Victory Club in every town of the Old Dominion of more than 2,000 population. The plan of these Victory Clubs, which was first adopted this summer, is to form working organizations of loyal Democrats in each town, county, or ward, who will hand every effort before, during and after the time of the national election next year to furthering the cause of the Democratic party. Clubs range in membership from twenty up, and by the membership fee of five dollars paid by each member enrolled a considerable campaign fund is being raised.

"The Democratic National Committee believes it has found the way absolutely to insure a Democratic victory in 1924," Chairman Hull declared today in an open letter to Virginia Democrats. "This way is through the work that 100,000 energetic Democrats, enrolled as members of our Victory Army throughout the length and breadth of the country, will do between now and election day."

"Under a nation-wide organization plan I am appointing a direct representative of the National Committee in every one of the 5,000 larger towns or counties in the United States and am asking him to form a Victory Club of at least twenty members in order to give us an enrolled army of 100,000 Democrats, under arms and ready for party service any minute."

"I am also utilizing these 100,000 Democrats to finance the party by popular subscription, so that we can truthfully say the people's party is supported by the people and not by privileged interests, as the Republican party is sustained. The plan already in operation in a number of other States is for each club president to have each of his members pay dues of five dollars now and agree to pay five dollars in 1924."

"The Victory Club plan is going like wildfire in many other States, and I feel confident Virginia Democrats will also give it their unstinted support," those warned to leave departed during the day. The negroes who left were known as "new comers" most of whom were employed in steel mills. The old time negroes, police said, had not been molested.

The situation arose in Stowe township after the killing Saturday night of Thomas Rowland, 73, and the wounding of his eleven year grand-daughter by a negro who escaped.

## THIRD BASE WEAK SPOT HURT BUSH

WASHINGTON, Oct. 10.—One weak spot on an infield plays havoc with a team's chances. For two years the Washington club has been handicapped by a weakness at third base.  
"If I had a reliable man at third base throughout the season I would have finished in fourth place," remarked Manager Donie Bush of the Washington club. "We lost a dozen games because of poor work around right side of the ledger would have given us a pretty good rating for the year."  
"Had Bluege been able to play the position all season the club would have been well fortified. However, Bluege was out of the game nearly half the year because of injuries and illness. During his absence from the game, the club suffered badly."  
"I regard Bluege as one of the most promising young infielders in the game. He is rather brittle, but with him in the game regularly, I would not have the Washington infield as second to none in the American League. In Peckinpaugh and Harris I have the best double play combination in the American League."  
"I am more than satisfied with the showing my club made. A little more of a punch at the bat and the Nationals will prove mighty troublesome next year."

## V. M. I. Is Pleased With Its Showing Against Ga. Tech

LEXINGTON, Va., Oct. 10.—The welcome generally accorded a winning team was given to the members of V. M. I. "Flying Squadron" on their return from Atlanta early Monday morning. The feeling is universal that the cadets played the game of their lives in a battle that was literally full of spectacular runs, unexpected maneuvers, and the break that shortened the lives of football fans.  
Coaches Blandy Clarkson and Bill Raftery are well satisfied with the showing made by their team. As a matter of fact, they are authorities for the statement that their charges gained more experience and absorbed more football knowledge in the sixty minutes of play against Georgia Tech than the average player acquires in a season. The statistics of the game show that V. M. I. had a slight edge in rushing the ball, and that White was the gainer in the exchange of punts with Wycoff. V. M. I. made 7 first downs to 3 for Tech, and completed several forward passes for long gains. Tech, on the other hand, was successful in intercepting several cadet passes, the outstanding feature here being Wycoff's 85-yard run for a touchdown. This setback was cancelled by Faulkner's 84-yard sprint after scooping up a fumble.  
The splendid physical condition of the V. M. I. team was evidenced by the fact that few substitutions were made—and these were not due to any weakening in either the line or backfield. There are no injuries among the men who took part in the game except the natural muscle soreness incident to what has been called one of the hardest fought games ever played on Grant Field. Smiley Denton, who starred at tackle against the Marines and Lynchburg, is still in the hospital with an infected elbow. His presence in the line was sorely missed Saturday, but it is probable that he will be able to start against Virginia on October 20.  
With the exception of Denton, the coaches expect to put the full strength of the cadets on the field against Roanoke College here Saturday. It is felt that the team as a whole needs considerably more seasoning before the annual struggle with Virginia. Moreover, Roanoke's big Maroon team is by no means regarded as a set-up. A team that holds the strong N. C. State aggregation to a 196 touch-down and romps over Lenoir by a score of 67 to 0 is capable of giving the cadets a very busy afternoon, and the coaches are inclined to take no chance whatsoever.  
Practice this week will continue to be decidedly strenuous, as in spite of the fine showing made so far this season the team is by no means a finished machine. Hard work and plenty of it will be necessary before the cadets can look forward with anything like pleasure to their heavy midseason assignments.

## TO OPEN BEDS TODAY FOR ROADS

RICHMOND, Va., Oct. 10.—The State Highway Commission will open bids tomorrow for the construction of highways and bridges at an approximate cost of \$500,000. One of the projects is a 2.9 mile stretch of concrete roadway from Crane's Corner to Falmouth in Stafford county, and another project for which bids will be opened relates to approaches to Falmouth bridge of a mile of concrete. Other projects listed are as follows:  
Bituminous macadam highway from Redford to a point three miles east. The right is reserved to limit the project to a two mile stretch east of Redford.  
Concrete roadway of 3.5 miles from Southampton county line to Homesville, in Sussex county.  
Concrete roadway of 2 miles from Lawrenceville towards Edgerton, in Brunswick county.  
Three reinforced concrete clear spans, span bridges over Broad creek, Lynnhaven and Princess Anne counties.  
Bituminous macadam roadway of 2 miles from Moorfield to Hamlin in Russell county.

## Swedish Diplomat Accused of Spying Denies His Guilt

(By The Associated Press.)  
STOCKHOLM, Oct. 11.—Folke Cronholm, Swedish charge d'affaires in Mexico City in 1917, who is credited with having acted in the interests of Germany in the passage of important notes in the early part of the war, has given out a statement in which he denies his guilt. He declares he did not play the spy for Germany during the war, but that in delivering cablegrams in code to the German legation in Mexico he was acting upon the instructions of his superior, K. A. Wallenberg, then Swedish minister of foreign affairs.

Mr. Cronholm's statement says in part:  
"Upon my return home I learned of the false rumor that I, as Swedish charge d'affaires in Mexico, was guilty of acting as a spy for Germany during the war, and that as a result I was recalled from my post."  
"Referring to this latter allegation, which is ridiculous and false, I have already declared publicly that my alleged relations with the German government had nothing to do with my recall."

"My purpose today, on my return home, is to free myself of these suspicions. I stand accused of having acted as a German spy during the war while chief of the Swedish legation in Mexico City, and during my confinement in Mexico I had no chance to rehabilitate myself."

"Such were my relations to the German legation in Mexico during the war. My notes in the archives of the Swedish legation in Mexico City record the receipt of these cablegrams from Mr. Wallenberg."

"My recall as Swedish charge d'affaires in Mexico was not the result of complaints made by the Swedish residents of Mexico. Such complaints, even if justified, do not entail the sudden recall of a chief of legation without his knowledge. The Swedes in Mexico made no complaints of me because there were none to be made. The foreign minister has told me no complaints were made."

"Nor did my recall result from any kind of pressure on the part of the American government owing to any relations with the German government. I never have had any relations with any government other than the Swedish government. Nor did I transmit to President Carranza any notes other than those I handed him in the name of my own government, officially or by special order."

"My recall from Mexico was an act of revenge on the part of the foreign minister, Mr. Wallenberg, because a report made by me and other diplomats several years ago resulted in his brother, G. O. Wallenberg, then Swedish minister to Japan, being publicly reprimanded by his government."

## AUTOMATIC CAMERA TO SNAP OLYMPIC WINNERS

PARIS, Oct. 10.—The French Olympic Committee is experimenting with a mechanical photographic device to record the finishes of the running events during the 1924 Olympic Games. Thus far the experiments have been successful, and there is every likelihood that a camera will be on hand at the finish line of all races to confirm or infirm the ruling of the judges.

The arrangement is practically the same as that in use for some years in Belgium to photograph the finishes of horse races, and which is likely to be adopted at French race tracks next season.

A camera is set just over the finish line about three feet from the ground, and a string is stretched out across the track about the same height, and three feet from the actual finish. The string, upon being broken by the chest of the arriving winner, automatically releases the kodak, which snaps the runners just as they cross the line. The negatives are developed in two minutes.

The photograph also will record the time of the race to one-twentieth of a second. A huge clock nine feet in diameter will be installed right opposite the finish line inside the track in direct line with the camera. Through an electrical arrangement it will be released by the firing of the starting pistol and stopped by the breaking of the string at the finish line. The second hand, making a complete revolution splits the seconds in twenty fractions, while a smaller hand records the seconds and another the minutes.

## STOP SEIZURE OF LANDS IN MEXICO

(By Chicago Tribune Service.)  
MEXICO CITY, Oct. 10.—The confiscation of private lands in Mexico has ceased. The usual reports of twelve to fifty confiscations of valuable parts of large ranches are replaced with reports of the inactivity of the Agrarian commissions of the various states. These expropriations have stopped even in Yucatan and Vera Cruz, the most radical of the Mexican states.

The National Agrarian Commission has not approved the large number of confiscations already made, as it is required to do by law. There is considerable speculation as to the next move of the Mexican government. Will it pay for the land seized, or will it return the property to the owners who have been paying the taxes on it?

## RANDOLPH-MACON MEETS CATHOLIC SCHOOL OCT. 13TH

ASHLAND, Va., Oct. 10.—In spite of two reverses in the games with University of Maryland and Trinity College, the football squad of Randolph-Macon is not in the least discouraged. The fact that Maryland was able to beat Pennsylvania indicates that she has an unusually strong aggregation and will probably show up among the best eleven in the country. The team was greatly handicapped in the game against Trinity due to injuries received in the Maryland game and the necessity of the long trip before the contest.

The football squad went thru a strenuous mental drill with Coach Nelson before going into practice this afternoon. With the return of the regulars to the line-up the team will be greatly strengthened. Blackwell, however, is out for the season due to a fractured bone in the face and Cardwell is also hors de combat as he received a broken shoulder in the Trinity game and will be unable to participate in any more games this fall. Of course the team is handicapped with these men out but it is hoped that some good substitutes will be found on the line when Randolph-Macon faces Catholic University.

There is keen competition for center with Richardson showing up well. He is a very accurate passer, and has had experience on the scrubs for two years.

Marks and Crouse, two of the regulars of the backfield are also on the injured list. Crouse, however, will probably play Saturday if his arm is in good enough shape. Marks is nursing a bad shoulder and will probably be unable to start Saturday. Altho held back by injuries the team is rounding into good shape and hopes to show their opponents some interesting times now that the most difficult part of the schedule is over.

## Carolina Star Hurt Saturday

RALEIGH, N. C., Oct. 10.—North Carolina State paid rather dearly for its fine stand against the Nittany Lions of Penn State. "Big" Eller, husky right tackle, one of the mainstays of the line, was forced out, early in the first period, with a broken ankle. Dr. Crozier, Tech trainer, stated today that Eller would be out of the game for the remainder of the season.

The accident of the sterling forward means that the Tech coaching staff must turn its attention to filling the huge gap in the rush line caused by the loss of some 230 pounds of brawn and muscle. "Slim" Logan and Jimeson are mentioned as the likely successors to Eller, with the probability that Phil Hendricks may be used if he is not vitally needed in one of the guard positions. Hendricks played tackle in the opening game against Roanoke, but Eller showed so much ability during the last week that he was virtually conceded the job at right tackle.

Every man on the Wolfpack squad realizes that he was in a football game last Saturday, and there is a regular epidemic of minor injuries received in tackling the Lion in his lair. It is believed, however, that a majority of the men will be in shape for South Carolina on Saturday, the 13th.

In holding Penn State to 16 points Harry Hartsell's team made a fine showing. Followers of the Tarheens feel very much encouraged over the splendid defense exhibited by their favorites against a football machine destined to rank this season with the best of feeling prevailed between the players, and, as a special tribute to its Southern guests, the Penn State band played "Dixie" between the halves.

With Penn State out of the way the Pack turns next to a period of preparation for the South Carolina

## TRINITY WORKING HARD FOR GAME

TRINITY COLLEGE, Durham, N. C., Oct. 10.—Not only is the Trinity football squad hard at work preparing for the desperate tussle with Carolina on Friday of this week, but the Athletic authorities are hard at work increasing the seating capacity of Hanes Field in anticipation of the greatest crowd that ever witnessed an athletic contest on the local field. All the construction forces that can possibly be procured are hammering away on the building of temporary bleachers which will completely surround the local gridiron. Seating space for 3,000 extra people will be added to the grandstand and bleachers already constructed, the latter of which will now accommodate about 3,000 persons. When the game starts Friday, seats for 6,000 will be ready. Prospects are that every one of the seats will be taken by fans.

## COCHLIN'S DRAFT DECLARED VOID

At the annual draft meeting of the National and American League rogues held yesterday in New York it was discovered that Dave L. Cochlin, who had been awarded to the Chicago National League club, was not the property of the Danville club, but belonged to Birmingham, and under the draft rules no major league club can draft more than one player from a Class A club. Mr. O'Connor announced that as the St. Louis Nationals already had taken Kane, a shortstop, from the Birmingham club, the option on Cochlin had to be recalled.

## INDIAN SUMMER WEATHER

NEW YORK, Oct. 10.—World's series fans awoke today to find Indian summer weather in prospect for the afternoon. Indications were that it would be warm at game time with little wind.

## SKUNK EDGING

Wide bands of white skunk edge the collar, cuffs and bottom of the coat of a suit of creamy tan wool in which threads of yellow and black are interwoven.

G. R. HAMILTON,

SECRETARY DENBY WILL  
UNDERGO AN OPERATION  
(By The Associated Press.)  
NEW YORK, Oct. 10.—Secretary of  
the navy, Edwin Denby will undergo  
an operation on his right leg tomor-  
row morning, he announced tonight  
after his arriving here from Lake-  
hurst, N. J., where he officiated at the  
rechristening of the 2R-1 which was  
made in the U. S. S. Shenandoah.  
Several days ago, "while playing  
baseball with some children" as the  
secretary put it, he severed the achil-  
les tendon on his right leg.

MADE FOR A GIANT

Miss Agnes Leonard listens in on one of those radio phones made  
for the Giant that Jack killed. It certainly is a whopper, and is part  
of the display at the annual radio show in New York City, now in pro-  
gress at Grand Central Palace.

### AN IMPRESSIVE SERVICE FOR THE DEAD IN QUAKE

By RODERICK MATHESON  
TOKIO, Oct. 10.—An impressive  
memorial service for the foreign dead  
in the earthquake was held Tues-  
day at Zozoji Temple, the largest left  
in Tokio. The massive unapplied pil-  
lars and beams were draped with  
foreign flags, beneath which a large  
solemn Japanese congregation had  
gathered, many weeping. The fore-  
igners' reserved section was filled, in-  
cluding the French, Italian, and Ger-  
man ambassadors and several minis-  
ters. Through a misunderstanding with  
the American and British envoys did  
not receive formal invitations.  
A navy band dirged, Japanese flutes  
waited and the massed priest in-  
toned before the flower surrounded  
golden altar of Buddha.  
The foreigners, one by one, ad-  
vanced, bowed and dropped three  
punches of incense on the altar. The  
head abbot beseeched the Almighty,  
who knows no difference between  
creeds, to be merciful to the souls of  
the foreigners who died a common  
death with the Japanese.  
Throughout, the temple rocked with  
concussions of gun cotton being fired  
at the nearby ruins. It was the first  
such service ever to be held in Japan.

### PROSPERITY FOR GREAT BRITAIN

(By Chicago Tribune Service.)  
LONDON, Oct. 10.—An unprecedent-  
ed wave of prosperity for Great Brit-  
ain as a result of the American tariff  
policy is predicted by Viscount Lever-  
hulme, head of the vast Lever Soap  
Works, and one of the greatest of  
England's merchant princes, speak-  
ing at the Staffordshire Chamber of  
Commerce at Stoke on Trent yester-  
day.  
The policy of the United States in  
excluding people from other countries,  
coupled with the high protective  
tariffs would cause English industry  
to boom as it never had before, he  
declared. The whole world would  
turn to the Staffordshire potteries  
for China goods, to Lancashire for  
textiles, to Yorkshire for woollens,  
to Birmingham and other districts for  
iron and other machinery. America  
had five times the gold it had ten  
years ago, he said, but that did not  
help them and would not give them  
the trade of the world.

AIR SERVICE OF  
U. S. CAN SEND  
DOWN ANY SHIP

(By Chicago Tribune Service)

WASHINGTON, Oct. 10.—The Army Air Service does not contend that battleships or any other component of the naval establishment is obsolete, but it does contend that under proper conditions the air service can put out of commission or sink any naval craft that floats. This is the statement of Major General Mason M. Patrick, chief of the Army Air Service, in a general review of recent bombing tests off Cape Hatteras when the old battleships Virginia and New Jersey were sunk by 2,000 pound bombs dropped by army air men.

"Only a few days before the actual tests the War Department directed that the first bombing should be done at a height of not less than 10,000 feet," the statement continues. "We did it; but there is no other service organization in the world that could have done the same thing."

"The first attack was made at a height of over 10,000 feet. It takes time to get up to this elevation. The planes with their loaded bombs left Langley Field early in the morning, each carrying four 600 pound bombs. They flew about 170 miles, passed through three rain storms, came out over New Jersey, released their projectiles, and of the twenty which were launched not less than four from this great height made direct hits upon the vessels' deck. That was exceedingly good practice."

"The next attack was made upon the same vessel, using 2,000 pound bombs. Here we had trouble. These bombs stuck in the bomb racks which held them in place under the planes, causing a slight delay, which, of course, militated against the accuracy of bombing. These bombs all fell in about the same place, but all just a little too far away from the vessel to do great damage."

"The third attacks upon the New Jersey were followed by an attack with 1,100 pound bombs upon the Virginia. One of these struck squarely on her deck and the picture shows clearly the destruction wrought. After three bombs and her two masts were swept away and much other damage was done. It is scarcely conceivable that any personnel on the deck would have been left alive. Almost immediately after this hit a bomb fell close alongside and inflicted a fatal blow. Just six minutes and thirty-five seconds after that particular bomb fell the aeroplane the Virginia disappeared beneath the waves."

"It is earnestly hoped that the work we can do will be thoroughly understood, that Congress will provide an adequate number of men and sufficient material to enable us to develop further and to accomplish more. We must have an air service highly trained and absolutely efficient. Without it we are inviting a national disaster."

"The air service does not for a moment assume to say that battleships or any other component of the naval establishment is obsolete. We merely rest on the capabilities of the joint board, that under proper conditions we can put out of commission or sink any naval craft that floats."

## NEW ORLEANS COTTON.

(By The Associated Press.)

NEW ORLEANS, Oct. 11.—General buying entered the cotton market today and in the first half hour of the session it lifted prices 32 to 34 points to 27.50 for December. Cables were better than this, the market moved over Texas was regarded unfavorable another uneasiness was felt concerning the storm area over the extreme central west Texas.

October	27.75
December	27.65
January	27.42
March	27.39
May	27.25

(By The Associated Press.)  
NEW YORK, Oct. 11.—The cotton market showed renewed firmness during today's early trading, owing to relatively firm cables, apprehensions of unsettled weather in the southwest over tomorrow's adjournment and bullish spot advices. The opening was 20 to 30 points higher on all months except September which was unchanged. December advanced to 28.24 and January to 27.70 or about 30 to 34 points above yesterday's closing.

CLOSING DAY AT  
LEXINGTON RACES

(By The Associated Press.)

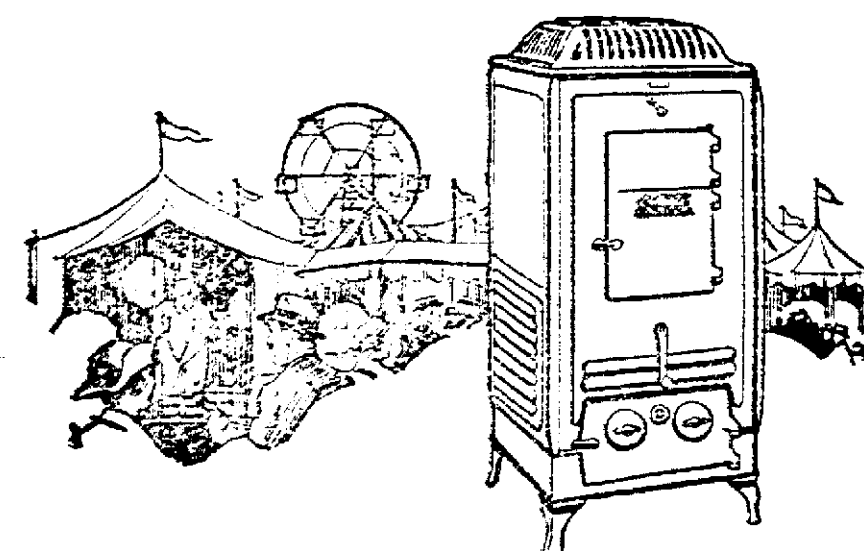

LEXINGTON, KY., Oct. 10.—The feature of the closing day's program of the Kentucky trotting horse breeders' association's fifty-first annual meeting was expected to be the Lexington stake for two year old trotters, but it developed that it was the 2:09 pace, which required four heats for a decision and was a keen race, going to Donna Mac.

Rose Scott, trotting against time, lowered her record to 2:00.34 and Ann Bradford's girl, racing against time, lowered her record to 2:01. The weather was fine and the track fast.

Miss Alice Smith of Baker, Me., was crowned beauty of the state by Governor Joseph M. Dixon, at a brilliant coronation ball given at Helena. Forty fair daughters from as many counties chose Alice from among their number as most worthy of the high honor.

Southern Railway directors meet at 11 a. m.

Bank of England rate unchanged at 4 per cent.

Civilian employees of government totaled 548,531 June 30 last against peak of 917,760 when armistice was signed.

Ford Motor advances another \$2,000,000 to City of Detroit for railway extensions, making total loaned at 4 per cent. \$5,000,000.

Canadian Board of Railway Commissioners orders ten per cent. reduction in rates on grain for export from prairie to Pacific coast points.

Conductors and brakemen's brotherhoods ask wage increases ranging from 15 to 30 per cent.

British imports in September \$3,265,000 pounds, exports \$3,836,000 and re-exports \$,110,000.

National Supply Company six months ended June 30 net after interest depreciation and federal tax \$3,023,039.

Continental Can eight months ended August 31 net after deductions \$20,910.

Total value of building construction in 12 cities in September was \$198,942,935 against \$224,624,213 in August and \$181,369,342 in September, 1932.

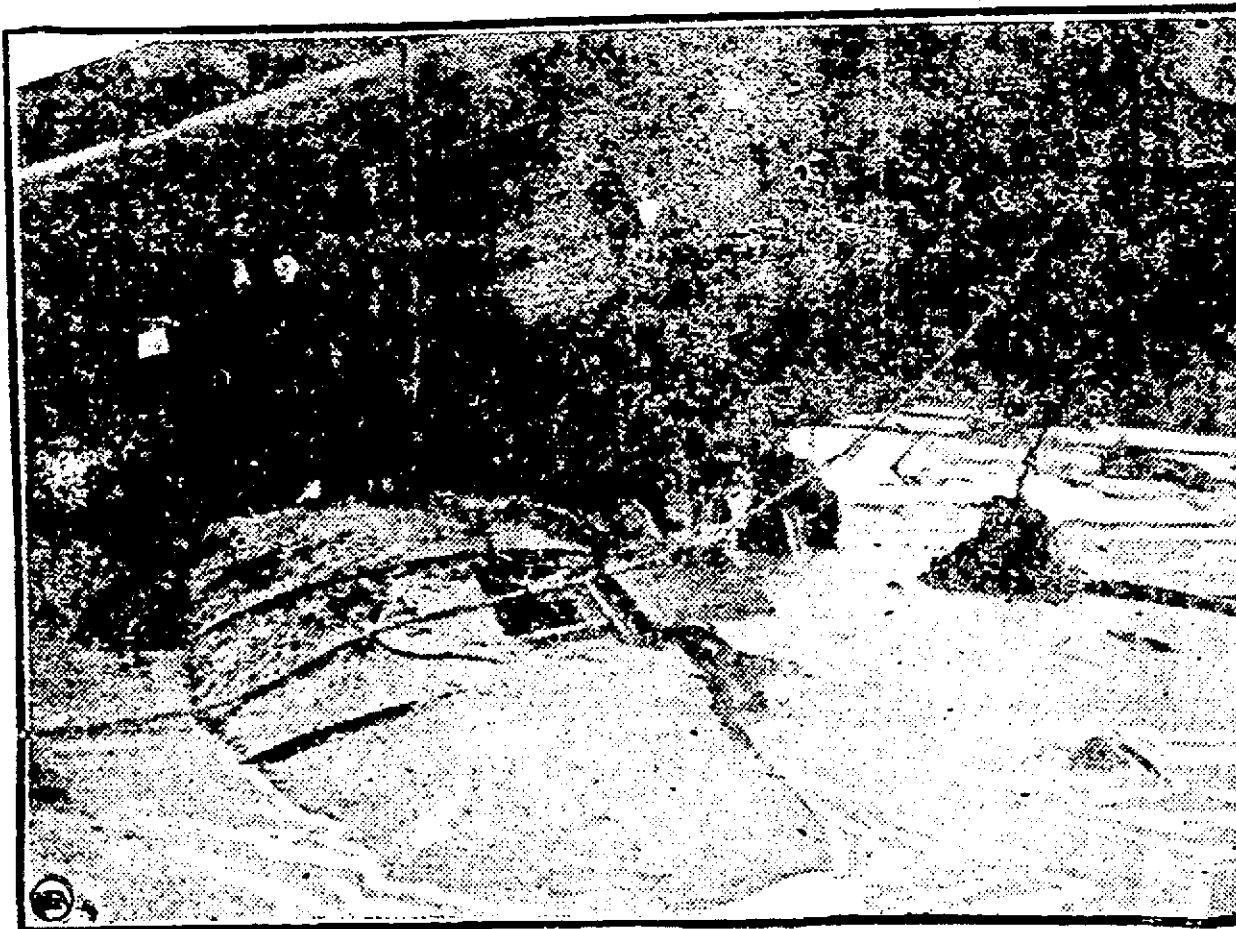

OFFICERS GUARD  
AGAINST ACTION  
OF VIGILANTES

(By The Associated Press.)

PITTSBURGH, Oct. 10.—Robert H. Braun, chief of Allegheny county detectives and a squad of operatives, were tonight patrolling Stone town, ship prepared to meet any emergency that might arise in consequence of the action of a self-appointed "vigilance committee" in ordering negroes from the district. Chief Braun was under instructions to see that no unlawful methods were used to intimidate negroes and at the same time was checking up on a number of negroes the "vigilance committee" reported as undesirable citizens.

R. L. Vann, a negro attorney, today protested to Chief Braun against the action of the "vigilance committee" and was given assurance that all law abiding negroes of the district would be protected. No figures were available as to the number of negroes who had left, but W. J. Duff, chief of the township police, reported that practically all

## FATE'S SEPULCHER

Quicksand and bottom silt closed over the wrecks of cars which plunged off the weakened Coal Creek bridge near Casper, Wyo., recently, hurling some 25 to 40 passengers to their deaths in the turbulent waters below. Officials were impeded in their efforts to extricate bodies of victims from the tangled mass of steel and mud, due to submergence of the coaches, compelling them to burn passages through the roof tops with oxy-acetylene torches as shown in the picture.

WITH LON CHANEY AND VIRGINIA VALLI  
AND AN ALL STAR CAST.Harry Wills Fights  
Smith Tonight

(By The Associated Press.)

NEW YORK, Oct. 11.—Harry Wills, the negro, who persistently has challenged Jack Dempsey for a heavy-weight championship bout, will display his fistie wares for the first time in a year tonight when he meets Homer Smith, of Kalamazoo, at the Queensboro stadium in Long Island. The bout is scheduled for ten rounds. Smith has the unique distinction of being the one glove artist in the country, outside of Dempsey, to have escaped a knockout at the hands of Luis Angel Firpo, although he was felled more than a dozen times during their ten round match.

Firpo has announced his intention of being at the ringside tonight.

## MORNING COTTON LETTER

(Courtesy Thomson and McKinnon.)

NEW YORK, Oct. 11.—Market advanced yesterday on reports of trade buying, rains in Texas and Oklahoma and that the Amoskeag Company was a buyer in Texas. Some operators bought cotton on reports of a gold loan to Germany but cables this morning say that French reject Berlin's offer to negotiate. Think 28 cents for the moment discounts a great many bullish features. Would sell on strong periods.
